If present negotiations are successful, St. Rose's, winners of the City-Annateur League baseball championship, will be pitted against Chatham, winners of the Miramichi League, in a series of home and home games to decide the provincial championship. The matter of replacements occasioned considerable discussion. While a time limit was set for the handing in of the players' list, under certain conditions, applications for replacements will be considered and granted by the league. The list of replacements presented last night was as follows: Vets, Smith by Whitehouse; War Vets, Parlee and Beattie by Cornell and McElroy; St. Peter's, O'Toole by Gibbons, Moncton, McLeese by Phillips. War (Vets Fair). Plans in connection with the big fair to be held next Monday on the Nashua Park grounds in aid of the War Vets baseball fund are quickly being completed and it is expected that sufficient will be realized to enable the team to carry on for the rest of the season. The recent extended spell of rainy weather has caused an enforced idleness of the team for several days and consequently postponed games are increasing. By means of the fair, the fans and admirers of the team can help them in this financial difficulty.

Ruth At Top Of Two Batting Lists

Yesterday's Play Gives Him Highest Average and Most Home Runs.

New York, Aug. 16.—The Babe took the lead yesterday in St. Louis in both home runs and batting average. He founded out one round trip, making his total for the season 30, one ahead of Williams, and put his average up to .341, compared with Heinemann's .303. Ruth was using one of his famous old clubs and leaned on the ball so hard that it sailed over right field fence and bounced off the facade of a building on the other side of Grand Avenue.

Despite the Babe's fancy stick work, however, the Yankees lost to the Browns, 5 to 3. The mound city team went into action like a cyclone and did not miss a chance all through the game, running the Yankees ragged.

Giants Lose Two. The Reds shocked the Giants by walking calmly away with seven runs in the first four innings and winning 6 to 3 and 10 to 2. The League attached the first game for the Reds and Rixey the second.

The Giants, in a desperate effort to erect a barrier strong enough to keep the Cincinnati runners from crossing the plate, ran right pitchers in rapid succession over the mound, but all to no effect.

The Reds knocked out two homers, one of them fathered by Luque, and got twenty-four hits in the two games. Detroit, on the home grounds took Philadelphia for a ride, 7 to 5, annexing the winning runs in the fifth inning, which they allowed no scoring. Some Heavy Slugging.

Boston succeeded in downing Cleveland, starting off with seven runs in the first four innings and winning 9 to 6. Despite the story told by the score, most of the heavy hitting was done by the Cleveland players, who made 16 hits, six of which were two baggers by Stephenson, Spencer and Myatt, two apiece, and two of which were homers by Brower and Spener.

The White Sox broke even with the Senators in Chicago in a double-header, Washington taking the first game 5 to 1 and Chicago the second 4 to 3 in a pitching battle.

Boston trimmed Chicago in a twilight conflict 3 to 2, with Fillingim leading the hurlers. He allowed no hits in the last two innings.

The Pittsburgh players beat their best record for a long time, 8 to 3, in a hard fought game, scoring the winning runs of Philadelphia in the eighth inning.

In Brooklyn the Robins won the opening game of their skirmish with the Cardinals by the decisive score of 7 to 1. They started right out with murder in their eyes and scored the entire game in the first four innings. Then they quieted down and confined themselves to keeping the St. Louis team from catching up.

Orleanians Enjoy New Indoor Sport

New Orleans, Aug. 16.—(By A. P.)—The Louisiana Supreme Court, having held constitutional an ordinance which gives the city of New Orleans power to restrict certain kinds of business to designated streets, the thumbing of street directories by Orleanians into restricted streets, which has been a source of annoyance to the city, is being discontinued.

To conform to the new ordinance, which was adopted after a hearing, various local newspapers have received among others the following suggestions which the contributors think the city commission might well consider: Restrict bootleggers to Burgundy street, detectives to Mystery, churches to Robious, charitable organizations to Benefit and Indians to Teohupoluis.

Another would move the Supreme court, and all other courts, to Solomon street and the banks to Treasury, which, believe it or not, is near Abundance and Prosperity. The cotton and sugar exchanges might go to Exchange Alley, the city hall to Moss, the Sewerage and Water Board to Flood, the street paving department to Swap, the produce dealers to Agriculture and the large French population either to France or Frenchman street. Headquarters of the labor unions might be assembled on Union street.

There would be no trouble segregating amusement enterprises, for the race track at the Fair Grounds might be moved to Race, cabarets to Pleasure street, dance halls to Tersshore, orchestras and bands to Music and cafes to Calliope. One citizen who resides in a musically inclined neighborhood wants quartettes moved to Harmony, while another who takes small families into consideration suggests that the ordinance be amended to provide that they be moved to Roosevelt place.

If you were paid for putting into words the perfect shave, you would probably define it as... "the cleanest, quickest, easiest on skin."

Because that's what 1000 men told us a really good shave should be.

Now we ask you to judge how well we've put those three requisites into a shaving cream. At our expense we've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap.

There are 5 distinct superlatives, shaving advantages, in Palmolive Shaving Cream. It cost us 18 months' work, 130 laboratory experiments, to perfect them. Now judge our work.

You'll find cream multiplying itself 250 times in luxurious lather.

You'll find that lather softens the most unyielding beard in one minute—without any irritating "rubbing in."

You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary.

You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, soothed "after feel"—a result of the carefully blended palm and olive oils.
