DAVID A. ROBERTS MAY HAVE GONE TO GONDOLA POINT

Has Been Missing Since Saturday—Expressed Intention of Going There

The opinion was expressed today that David A. Roberts, who has been missing from his home, 528 Main street, since Saturday last, may be at the home of his brother-in-law, Frank Roberts, at Gondola Point, as he was known to have started for there on the I. C. R. train on Saturday. Some friends saw him leave on the train and he was seen again at Rousesay. He told L. R. Ross, terminal agent for the I. C. R., on Friday afternoon that he intended visiting at the point and would probably return on the train on Saturday. He would be kept until about the middle of the month, as it is generally about that time when the checks are received. The missing man told Mr. Ross that he had been undergoing treatment for his eyes, and that a physician had said there would be an improvement in their condition and they might soon be strong enough for him to return to work. He had been engaged with the I. C. R. as a porter in the freight shed for about five years and was at work up to a month ago, when his defective sight caused him to be laid off and this was a great source of worry to him.

On Saturday morning he arose early, and when his wife awoke he had left the house, without leaving any message as to his intentions. She told a Times reporter this morning that she was greatly surprised and grieved, and was at a loss to understand his action, but she thought it must have been from brooding over his non-employment. "I have three little children from two to six years old to take care of besides myself," she said, "and it is only natural that I should be greatly worried over his disappearance. The suspense is terrible and I do wish I could get some news of his whereabouts." The police have been endeavoring to get some trace of the missing man.

Mr. Terry played in St. John last year.

HALIFAX IS GRATEFUL

Aids Cartier Fund in Recognition of Contributions to the Halifax Tower

Halifax, N. S., April 2.—(Special)—The Canada Club of Halifax yesterday voted \$100 for the Cartier monument in Montreal. The club was very much pleased to do this particularly in view of the way in which Canadian clubs and cities and provinces helped in the Halifax tower fund, which is now complete and amounts to \$24,000.

This tower is built and will be dedicated by the Duke of Connaught on August 15. The Halifax tower is in honor of the establishment of representative government in Nova Scotia, more than 150 years ago.

NO SIGN OF STEAMER OVERDUE WITH 51 PEOPLE ON BOARD

St. John's, Nfld., April 2.—With but 4,000 seals, one-tenth of her capacity, aboard, the steamer Bonaventure returned to port yesterday. She was obliged to give up sealing because of broken propeller blades. The Bonaventure brought in the crew of the schooner Corona, abandoned amid the ice floes.

The sealer reported no trace of the steamer Erna, long overdue from Glasgow with fifty-one persons aboard.

BUFFALO AGAIN TAKING WATER FROM GREAT LAKES

Buffalo, N. Y., April 2.—A protest against further diversion of water from the Great Lakes for the Chicago drainage canal has been forwarded to the secretary of war by the Buffalo Chamber of Commerce.

The level of Lake Erie, it is said, is one foot five inches lower in 1911 than in 1908, and the resultant lowered loading capacity of the lake freighters already has been reflected in increased rates.

EVIDENCE GIVEN IN TWO CASES IN THE POLICE COURT

Garnett Remanded for Sentence and Further Testimony in Pidgeon Robbery Heard

George Garnett, arrested on suspicion of having stolen several wrenches and some habbit metal from the blacksmith shop of the F. E. Sayre Co., on the Long Wharf, was found guilty in the police court this morning and was remanded for sentence. J. Walter Holly, vice president of the company, told of being informed of the robbery and of communicating with Detective Killen. He recognized goods produced in court as being similar to the ones which are used in the blacksmith shop. The blacksmith told him that he suspected Garnett, as he had been seen around the shop on the day of the robbery. William Jacobson, a junk dealer in Pond street, recognized the prisoner as a man who called at his shop on Thursday last, and sold him a wrench and some wrench and sixteen cents for the metal. The prisoner had written his name in a book, but the witness could not make it out. Garnett then told his name was McConnell.

The prisoner then took the stand. He said that he had been drinking on the day the robbery was committed and for several days before. He did not remember stealing the goods or of selling them. He did not think the writing on the junk dealer's book was his. He had gone to the Long Wharf on the morning of the day of the robbery at half-past seven and was around there for several hours. The prisoner was then remanded to jail for sentence.

The case against Frank Guvermont and Harry Akery, two young boys arrested on suspicion of having broken into C. B. Pidgeon's store last week and stealing goods valued at more than \$100, was also taken up this morning. Mr. Pidgeon, manager of the store, told of going there on Sunday, March 24, and of finding goods scattered all about. Entry had been made through the cellar. Two pairs of old boots and two old suits of clothes were found in the shop. He identified the clothing on the prisoner as the goods that had been found in the store. He knew Akery, he having worked in the store at one time. Akery had been arrested before for entering the store. Some of the goods found on the prisoners when arrested were also identified by the witness.

Percy Williams, a clerk in Mr. Pidgeon's store, identified some of the goods. James W. Morrison, clerk in the Ottawa Hotel, said that on Monday morning, March 25, the two prisoners called at the hotel. Each one carried a suit case. Both were well dressed, and wore new raincoats. Akery applied for a position of porter, but the witness told him he would have to see Mr. Green, the proprietor. Both boys went out. Akery returned soon after and said that he was going to see Mr. Green at ten o'clock and asked to leave his grip there. Guvermont also returned with his grip and asked permission to leave it there, saying he intended to return and register. Later in the day he had Detective Killen and Policeman McCollom arrest the two boys, and consequently handed the grips over to the detective.

The prisoners were further remanded. W. Colwell, reported for allowing a pile of lumber to fall in Hazen street on the nights of March 28 and 29 without having a light, pleaded guilty and was fined \$2.

Harry Boyce pleaded guilty to the charge of fighting with James Odell in Gilbert's lane, but pleaded self-defense. He said that Odell had threatened him with a knife while he and his wife were out walking. It was reported at the court that Odell had left the city, so the matter was allowed to stand for the present. Eight prisoners, mostly sentenced, charged with drunkenness, were fined \$4 or ten days in jail each.

TUNISIAN LANDS 800; LAKE MICHIGAN BRINGING 2,150

The Allan liner Tunisian, Captain Fairfull, from Liverpool via Halifax, arrived in port early this morning and docked at No. 6 berth. Besides her general cargo, she had on board twelve saloon, 200 second cabin and 200 steerage passengers. Captain Fairfull reports having had a very rough trip, head winds and heavy seas being encountered nearly all of the way over. The steamer left Liverpool on March 21. Most of the passengers on board are bound for the west and are to go forward by special trains this afternoon.

The C. P. R. liner Lake Michigan, Captain Perry, from London and Antwerp, was expected to reach port tomorrow morning. She has on board 2,140 passengers.

A DOUBLE AFFLICTION

Announcement of the death of Mrs. Hunt mother of Mrs. Charles Dorman is made today. She passed away in Missoula, Montana. The Missoulian of March 27 contains an item telling of an accident by which Harold, the nine-year-old son of Mr. and Mrs. Charles Dorman lost his right foot. He was playing with some other boys near the track and they attempted to board a moving freight train. Harold fell in such a way that his foot was crushed, and amputation to the heel was necessary. The little fellow is a grandson of Fred Dorman of this city. Friends here will learn with regretful sympathy of the affliction that has come upon the family in Missoula.
