

POLICEMEN WILL CARRY REVOLVERS

ORDERS ISSUED AT
PRAIRIE CAPITAL

Action Follow Flight With Thugs
in Which Constable Was
Wounded

Winnipeg, Aug. 28.—In a statement made to the police Harry Kelly, one of the thugs held for the shooting of Constable Trainor on Wednesday, places the blame for the shooting on his pal, Frank Jones. Kelly asserts that in the bath room of the house where they sought refuge, he fought for surrender but Jones wanted to fight.

Incidental to the statement Kelly paused long enough to tell the detectives that "The Kid Cop, E. J. Brown, who chased them into their final lair without arms was 'too brave to be killed.'" In the face of shots and threats of being plucked full of holes he caught his man, daring him to shoot.

As a result of this shooting affair the order has gone forth that in future constables shall carry guns, day and night. It is also rumored that the epidemic of petty robberies which has struck the city will have the effect of making residents lock up their homes, precaution which they do not take at the present time.

TWO MEMBERS OF FIFTH FOR BISLEY

McDougall and Richardson Secure Places on Team—Governor-General's Match

Ottawa, Aug. 28.—There was a great mood for the final of the Governor-General's match at the Dominion Rifle range, of the 30th Guelph and Sgt. EXPLOSION PROVES FATAL.

Kennecott, Wash., Aug. 28.—Mrs. R. D. Tullis, wife of a prominent local capitalist, died at her home here Friday afternoon, death following ten days of intense suffering from burns received in an alcohol explosion. She was formerly Miss Carrie Wallace, and was the daughter of Mr. and Mrs. O. Wallace of Spokane. She was the first white child born in what is now Wallace, Idaho, and it was in her honor that the town was named.

While attempting to fill a lighted stove August 15, a five-gallon can of alcohol exploded in Mrs. Tullis' hands, setting fire to her clothing. Before the flames could be extinguished she was horribly burned.

SOOKE LAKE WATER SCHEME IS HELD UP

Preliminaries Take More Time
Than Expected—Other By-
laws Also Shelved

(From Monday's Daily.)

Delay is an ugly word in regard to anything that tends toward improvement, social and otherwise, and therefore it is with some little diffidence that the city of Victoria will announce through its municipal mouthpieces that the Sooke lake water scheme, upon which it was expected to start work next month, will have to be shelved until November, and probably later, on account of the impossibility of having the necessary by-law framed earlier.

This delay is directly due to the large amount of work which will have to be done under the category of preliminaries, which will of course form the basis for the by-law. This hanging up until probably next year of one of the most important schemes which the city of Victoria has yet attempted will be regarded as unfortunate, but perhaps more unfortunate still is the fact that the by-law for the work has been associated with the library and the parks measures which were defeated at their first visit to the polls, and which, it had been arranged, would be resubmitted to the people along with the measure for the great water scheme. The expense of the resubmission of the library measure, it will be remembered, is being guaranteed by the public-spirited action of Mr. Justice Martin.

Intimation of the delay was first conveyed to the city by Wynne Meredith, the engineer recently appointed by the city to supervise the work, who pointed out that the exigencies of the situation demanding much more actual work and mental consideration than was at first supposed made it quite impossible for him to comply with the wishes of the city council and have the data all tabulated and ready for by-law purposes by next month. For some time two gangs of workmen have been engaged on the scene examining the surveys and observations made earlier in the year by C. H. Topp. Their work is not yet completed. In fact, it is estimated that another month will have to be allowed for the completion of this preliminary work, and after that of course the data thus obtained must be arranged and reported upon for the purposes of expropriation, etc., before the actual by-law can be figured on at all. And it must also be remembered that before a by-law can be placed before the people for vote it must be advertised for a specified period.

Despite this unlooked for difficulty, however, the city officials, whose capacity embraces the scheme in one way or another, have not been idle. All along the lake front notices giving warning to trespassers and stating that the lands are required for watershed purposes have been posted. It is understood that the direct object of this move on the part of the city's legal department was to counteract the operations of the Canadian Northern Railway Company, which had intended to run its right-of-way at such a level that when the city dam was erected the roadbed would be inundated with water.

Had not the city taken this action of posting notices it is possible that litigation might have ensued between the parties when the inevitable happened. In face of the notices the railway company will probably be forced to seek a higher grade for the roadbed. The subject of much academic discussion, and while it is probable that this strategic move on the part of the city, it is still possible that the law courts will be called upon to decide the respective claims and merits of the parties.

In the meantime, the land which it will be necessary for the city to expropriate in connection with the scheme is being assessed. Should any dispute arise as to the equity of the assessment the matter will be referred to arbitration. This work is being carried out by W. W. Northcott, the city assessor, and John Dean.

MATCH FOR BAYLEY.

Local Boy and Walter Roman Will Go 15 Rounds in Nanaimo Wednesday.

Nanaimo, Aug. 28.—Joe Bayley, the lightweight champion of the province, and Walter Roman, who holds the similar title of the northwest, will meet here next Wednesday night in a fifteen three-minute round boxing contest. Joe is a Victoria boy, and his record, though not a lengthy one, is good. He is a clever, game, honest little boxer and is trying to build a reputation locally first, before going after higher game. He will enter the squared circle on Wednesday night in condition and ready to go in to win if he can. His opponent, Walter Roman, is a Winnipeg boy, resident in Vancouver at present, and has a good clean record as a boxer, having gained decisions over Jimmy Potts of Edmonton, Joe Gallagher and Eddie Marino of Seattle, who it will be remembered put it over Billy Lander.

FIVE KILLED.

Span of Bridge Collapses While Repairs Are Being Made.

Roseburg, Ore., Aug. 28.—A large bridge over the Umpqua river, 16 miles northwest of here, collapsed, killing five men and injuring five others. The dead: William Belleu, Gary Brown, William Gardner, Peter McFarland, William Accusta. The injured: Glen Wilson, Ray Wilson, Henry Van Rynning, K. Thornton and Frank Gillum. The entire crew was repairing the bridge, the main span of which, 330 feet long, collapsed, and fell 60 feet into the deep water of the Umpqua. The cause was defective timber in the upper framework.

CASE IS APPOINTED SEA WALL ENGINEER

Work is Already Started Despite Threatened Action by Second Lowest Tenderer

(From Monday's Daily.)

The appointment of an engineer for the construction of the Ross Bay sea wall, over which it was expected there would be some little competition and discussion, has been made, and so far no word of criticism has yet been offered against the party responsible for this important undertaking. Cecil B. Case has been appointed to supervise the work at the instigation of the city engineer. Recognizing that the onus of making an appointment rested upon him, Mr. Smith thought that the city could not be better served in that particular regard than by the appointment of the English engineer who was responsible for the drawing of the plans upon which the contract has been let.

Mr. Case has already started work upon the preliminaries. A number of men have been engaged and are now actively operating the initial phases of the sea wall. With a continuance of the present good weather for the period peculiar to this fortunate country, Mr. Case is confident of being able to complete, with the assistance and co-operation of the contractors, the Westholme Lumber Company, the first section within the allotted time. As time goes on, the contractors must complete this section within the year, failing which fulfillment the contract for the remainder of the work is forfeited automatically.

While Mr. Case has been appointed supervising engineer, "that does not mean that he will always be on the spot." As a matter of fact it is not expected that he will be, but of course he will always be ready for consultation, and everything must be submitted for his approval. On the ground the city will be permanently represented by Mr. C. Winkler, a young engineer of note.

The work is being proceeded with despite the threatened action of John Haggerty, the second lowest tenderer for the work, whose complaint was couched in such a way as to suggest that if anything was to be done, it would be at the expense of the city. The city council appears to be satisfied with the fact that the contractors must complete this section within the year, failing which fulfillment the contract for the remainder of the work is forfeited automatically.

THE EXPLOSION CAUSED BY DYNAMITE WHICH WAS PLACED ON A WINDOW SILL ON THE OPPOSITE PART OF THE HOUSE WAS BADLY SHATTERED, BUT FORTUNATELY THE OTHER END OF THE HOUSE IN WHICH THE MINER AND HIS FAMILY WERE DWELLING WAS NOT DAMAGED AND THE DWELLERS ESCAPED WITH NOTHING MORE THAN A FRIGHT.

Four mounted police were added to the local force and every effort is being made to bring the guilty persons to justice.

EIGHT ARRESTED.

Charges Laid as Result of Hanging in Effigy of Seattle Judge.

Seattle, Wash., Aug. 28.—Charged with conspiring to obstruct the administration of justice in a United States court, Oliver T. Erickson, member of the Seattle city council, Leroy Sanders, editor of the Seattle Star, B. H. Canfield, publisher of the Star and manager of a string of newspapers on the Pacific Coast, John H. Hopper, attorney for Canfield and Sanders, Deputy Sheriff Hugo Kelly, Paul K. Mohr, a labor leader, Thomas Horner, an attorney, and Will Atkinson, a real estate dealer, were arrested Saturday on warrants sworn to by United States District Attorney Elmer E. Todd.

A preliminary hearing was set for next Wednesday. The warrants for the arrest of the alleged conspirators were issued as the result of the hanging in effigy of United States District Judge Cornelius H. Hanford and the utterance at a mass meeting Friday night of inflammatory speeches denouncing the court for issuing an injunction restraining the people of Rainier Valley from interfering with the Seattle, Renton & Southern Railway, which is involved in a dispute with its patrons.

TRY TO BLOW UP MINER'S DWELLING

Dynamite, Shatters Part of
House but Inmates Escape
Uninjured

Blainiere, Alta., Aug. 28.—After experiencing a coal miners' strike of nearly five months duration, the first noticeable disturbance to occur in any part of the district affected by the temporary cessation of work at the mines took place at Blainiere about one o'clock on Saturday morning when an attempt was made to blow up a house occupied by Matthew Green, an Australian, in the employ of the West Canadian Collieries, and no doubt to do serious bodily injury to the occupants.

The explosion was caused by dynamite which was placed on a window sill on the opposite part of the house on one end of the building. The house was badly shattered, but fortunately the other end of the house in which the miner and his family were dwelling was not damaged and the dwellers escaped with nothing more than a fright.

Four mounted police were added to the local force and every effort is being made to bring the guilty persons to justice.

The information charges all the leaders of the mass meeting with conspiracy to obstruct justice by arousing people to disobedience of the injunction, and refers to the incendiary remarks made at the meeting. It also charges Canfield, Sanders and Perry with responsibility for the hanging in effigy of Judge Hanford.

CLAIMS THREE MILLIONS.

Tacoma, Wash., Aug. 28.—For the largest sum ever demanded in any action ever begun in the Pierce county courts, F. C. Goodall, president and general manager of the Goodall Phonograph Company, Saturday began suit for \$3,000,000 damages against George M. Shreeder, president of the Tacoma Baseball Club; Attorney A. H. Garretson, and wife, L. R. Coombs and F. E. Valentine.

The Goodall Company was incorporated about a year ago for \$5,000,000 to handle a new kind of a phonograph invented by Goodall. The defendants are stockholders. Goodall has a controlling interest. The invention is patented in ten countries.

Goodall alleges the defendants caused the appointment of a receiver, thereby rendering Goodall's stock worthless.

NEW RECORD FLIGHT.

Mourmelon, France, Aug. 28.—M. Helles, a young French aviator, on Saturday broke the record for a single continuous long flight, in competition for the Michelin cup. He covered 1,200 kilometers (746 miles) in 15 hours. The previous record for the Michelin cup was made by Jules Vedrines last year when he covered 800 kilometers in 7 hours 45 minutes 36 seconds. Helles flew over a measured course, and landed at Chalons-sur-Marne.

THROWS GIRL FROM STEAMER.

Holland, Mich., Aug. 28.—Angered, he said, because Grace Lyons of Chicago broke her promise of marriage, Walter Hopper of Chicago on Saturday attacked her aboard the steamer Puritan in mid-lake and tossed her overboard. Her body was not recovered. News of the tragedy was flashed by wireless and officers were waiting for Hopper when the boat reached the dock.

Dealt With in Court

(From Monday's Daily.)

With the conviction of Bruzese, Domiano, a Greek youth, in the police court this morning, the city police believe they have now cleaned out the gang of foreign thieves and receivers who operated here in rooming-houses, hotels and private dwellings for six or eight months past.

Domiano, charged with having in his possession a tie pin valued at \$5, knowing it to have been stolen, pleaded not guilty, but had no defence to offer and was sentenced to serve six months' imprisonment along with two of his companions who are in jail for longer terms, and who were sentenced over a week ago.

The pin belonged to Mrs. Amy Grace Emily, whose rooms in the St. Francis hotel were entered during the night, and who lost other valuables besides the pin. Mrs. Emily told the court this morning that it was taken from her rooms July 25.

Domiano, before he went to join his countrymen, said he found the pin on the sidewalk. He lived with Rocco Moir, Desmond and Sam in a cabin at the rear of the Yale rooming house, Pandora street. The police first arrested Desmond, who is awaiting trial on two charges, having elected through his solicitor to go to the higher court. A third charge is pending against Desmond, a commission to take
