N. B. KENNEL CLUB  
ELECT OFFICERS AND  
MAKE FUTURE PLANS

H. J. Sheehan Chosen President—To Hold Show At Dominion Exhibition—Will Secure Rooms For Winter.

Encouraging reports were presented at the annual meeting of the N. B. Kennel Club last evening and the Society generally is in a very flourishing condition. The meeting was held in the office of the retiring president, Mr. Le B. Wilson, who presided. Mr. R. D. Patterson, the secretary, reported that the recent show was a financial success, there being a small cash balance left, after purchasing the permanent kennels. Though the number of dogs was not large, it was agreed that the show brought out a better class of dogs than in the past.

It was decided to hold a show in connection with the Dominion Exhibition in 1910, and a committee consisting of Mr. H. J. Sheehan, Mr. T. McCullough, Mr. J. V. McLellan and Mr. J. Le Lacheur was appointed to make the necessary arrangements.

Another important matter was the question of securing club rooms for the members to meet during the winter months. It was decided to engage suitable rooms and have literature and amusements provided.

The election of officers resulted as follows: Mr. H. J. Sheehan, president; Mr. J. H. Sprout, 1st vice-president; Mr. Harry Gilbert, 2nd vice-president; Mr. R. D. Patterson, secretary; Mr. Le B. Wilson, Mr. A. H. Campbell, Mr. John Le Lacheur, Mr. James McGowen and Mr. W. H. Carrall managing committee.

After enthusiastic speeches from the retiring president and newly elected officers, the meeting adjourned.

TRANSCONTINENTAL  
CONSTRUCTION WORK  
IS WELL ADVANCED

Recent Rains Swept Away Several Trestles—Corbett and Floesch Nearly Finished Monthly Statement.

With the approach of winter the construction work on the Transcontinental is being rushed along and it is expected that by the time the snow falls the work in New Brunswick on some of the contracts will have entered on the last stages.

Owing to the state of the weather the work during the last week of September was practically discontinued, but otherwise good progress was made.

The expenditures for the month and the totals are as follows:

Contract	for month	to date
No. 1 . . . . .	\$ 91,112.91	\$1,376,792.66
No. 2 . . . . .	17,311.24	301,623.02
No. 3 . . . . .	68,050.06	712,154.97
No. 4 . . . . .	116,879.81	1,419,708.47
No. 5 . . . . .	112,835.79	2,103,414.02
No. 6 . . . . .	69,834.84	1,739,351.87
	\$475,084.66	\$7,653,045.61

The Toronto Construction Company suffered heavily from the wet weather and had several trestles swept away. At Mullin's Brook, York county, where the accident to the temporary trestle occurred, the solid rock fill has now been completed.

Messrs. Corbett and Floesch will practically finish their fifty mile section in November, though some clearing up, ditching and ballasting will have to be done next season.

At Nappidogan Lake, the first divisional point, 117 miles from Moncton, the grading is well advanced. A second divisional point will be chosen later, probably at Edmundston, or some place farther west.

ACCIDENT HAD NOT  
HAPPENED BEFORE

James Fife, inland revenue Officer Here On Inspection Trip Speaks Of I. C. R. Train Wreck.

Mr. James Fife, an official of the inland revenue department at Ottawa arrived in the city last evening, and will spend a little time here making a thorough inspection of a new style of scales to be placed on the market by a local firm.

Mr. Fife was delayed at Campbellton for some hours by the train wreck at Nash's Creek. Speaking to a Standard reporter last evening, he said that in all his travels he had never seen such destruction as was wrought by the collision.

It was little wonder that an accident had not occurred at the same point before, as the track formed an obtuse angle, and the station hid the curve from the view of the approaching trains.

"TOO MANY CHEAP OFFICIALS, AND TOO MUCH LIFTING CAP"

Among the passengers who left on the Montreal train last evening was an aged Serv, together with his son, his son's wife and family of five children.

In conversation with a Standard reporter, the old gentleman, who spoke very good English, said that they were going to Alberta. He had lived in Canada for the past six years, and his wife and three daughters were in Alberta at present.

He left some six months ago and returned to Belgrade where he disposed of his property. He intended to invest the proceeds in real estate in the west.

The old gentleman, who had an impossible name, stated that "Canada was the greatest country on earth." He referred with great pride to the fact that he had been a Canadian subject for the past three years. "In old country," said country, "too many cheap officials, too much lifting cap. In this country, all men alike."
