## REPAIRING THE WHARF

The damage done to the North Wharf by the coal steamer Wabana a few weeks ago, is now being repaired by D. C. Clark. The damage to the wharf, though apparently slight, necessitates a great deal of work in its repairs. The bow of the steamer penetrated the wharf only a couple of feet, yet the wharf was so badly broken that it will take about one month to repair it, and will cost about \$1,600. The work is carried on at suitable time of tide. At present only about two hours per day can be worked.

## BELATED LINERS.

Boston, Mass., Nov. 13.—Three belated trans-Atlantic liners, the Cambrian, from London; the Hannover from Bremen; and the Parisian, from Glasgow, arrived today, each carrying reports of terrific gales and mountainous seas.

The Cambrian reported the worst passage in years. On the Hannover storm life lines were rigged to prevent the sailors from being carried overboard, and the passengers were not permitted on deck for several days. The Parisian encountered a heavy sea and westerly gales all the way crossing.

## DISCHARGING PULPWOOD

Portland Argus: The work of discharging the cargo of pulpwood on the British steamer Appoline, which arrived here on Sunday, from Chatham, N. B., was commenced on Tuesday, although in a rather moderate way, about thirty Polacks who had refused to work on Monday unless paid the new wage scale of thirty-five cents an hour, having changed their minds and concluded to accept the old rate of thirty cents. None of them were members of the Portland Longshoremen's Benevolent Society. As nearly 200 men are usually employed in taking out the pulpwood cargoes, the steamer is likely to be delayed here several days, but as her charter to the International Paper Company does not expire until Nov. 15, the company claims that they will not suffer

by the strike, as they say they can have her unloaded by that time under any circumstances. From here the steamer will proceed to Newport News, where she will load bunker coal and then go to a southern port to load lumber for Buenos Ayres.

## STEAMER SUNK.

Port William, Ont., Nov. 13.—The steamer Norton, which left Whitefish Saturday afternoon, has not yet arrived here, and it is feared she has been lost. The Norton, which is commanded by Captain Richard Call, is a steel freighter and carried five thousand tons of coal for this port.

## Madame Marie Sundelius

Pleased Large Audience in York Theatre, Last Evening.

Lovers of music were given a treat in Keith's Theatre last night when Mme. Marie Sundelius, vocalist, and Bonarrios Grimson, violinist, were heard in a pleasing programme. The audience was quite large, the auditorium being almost filled and the programme rendered during the evening proved delightful and was thoroughly appreciated by the audience.

Mme. Sundelius made a very favorable impression by her work. She possesses a voice of exceptional clearness, well trained, of good range, which together with clearness of enunciation makes her singing particularly pleasing. The numbers in which she was heard served admirably to display her talent.

Mr. Grimson, violinist, also charmed his audience. His playing has all the evidences of that of a master and his work, like that of Mme. Sundelius, was greatly appreciated.

J. S. Ford acted as accompanist. The following was the programme:

Worn out  
with  
Coughing?

Nothing is more exhausting than a persistent cough. Old folks and very young folks alike, find a bad cough most distressing. No need to go on suffering!

Peps will end the worst cough or cold. Peps contains the balsamic essences and fumes of the Pine tree, with other medicinal ingredients, so prepared, that as soon as a Peps is put into the mouth it dissolves and these medicinal fumes are liberated. They are then breathed down the throat, and direct to the lungs.

Ordinary cough mixtures go to the stomach. Peps go to the lungs—there's the great fundamental difference between the old-fashioned forms of treatment, and the Peps treatment.

Most cough mixtures contain opium and other poisons. Peps don't. Better for children!

The most stubborn cases of asthma, bronchitis, catarrh, tightness across the chest, cold, or winter cough, will yield to Peps treatment.

All druggists and stores sell Peps (50c. box or you may obtain post free by sending price to Peps Co., Dupont St., Toronto. If you have not tested this unique remedy, send 1c. stamp to above address (to pay return postage) and you will receive a free trial packet of Peps.
