

rated victories, ured. I have also report my h. Tried from assistance from the kingdom of ven prominent great usefulness vidence that it a, and offer all

Rev. Dr. Freshman. As to the result we are enabled to report a membership of 57. We have fitted up three places for the worship of God, towards the payment for which quite an amount has been contributed by the Mission. The remainder, owing to the liberality of our English friends in different parts of the Provinces of Ontario and Quebec. I have been enabled to collect, so that we can now report them almost free from debt. At the dedication of all these Churches, Dr. Freshman was present, preaching three times on the Sabbath, as well as assisting us on other occasions, and at different times, by his valuable counsel and advice.

These new appointments have this year contributed over \$100 towards the Missionary Fund, besides providing for the board and horse-keep of my two colleagues without expense.

This is a promising Mission. Two or three Churches more could with advantage be erected immediately at our other appointments. There is plenty of room for additional laborers. The people are kind and liberal according to their ability; those whom we have reached hunger and thirst for the gospel. O, that the set time would come, when God shall make the people free! We are earnestly striving, praying, and working for that end. The past year has been one of unceasing labor, not merely physical labor, but the cares and anxiety connected with the sole responsibility of such a large field have been more than I thought would be able to be borne by one so young as I am, but "we can do all things through Him that strengthened us," and our Master has promised, "Lo, I am with you always, even unto the end." Members, 37; on trial, 20.

JACOB FRESHMAN.

THORNE.

In reviewing the past year, your Missionaries feel they have abundant cause for thankfulness to God for His blessing upon themselves and their labor.

We have a good work on this Mission, and it is prospering in every way. Among those who were converted last year, not one has proved unfaithful, and their conduct clearly shows that the good seed sown in their hearts by the Holy Spirit, is bringing forth fruits unto holiness,

Our people are regular in their attendance upon the means of grace and your Missionaries are often cheered by their earnest prayers for entire sanctification.

Not only have believers been established during the past year, but many souls have been converted, and others are now seeking the Lord.

Our finances are far in advance of any previous year, notwithstanding that the people were so poor at some of our appointments that they
