

SHREWD BUYERS

of Merchandise for Fall and Winter are laying in supplies already. Those who even hesitate at today's prices will certainly stumble at prices of stocks to arrive a few months later. It is not our purpose to scare anyone into buying now, we give you candid advice, based on highest authorities on world-wide market conditions.

The practical appreciation of this store's values is shown by the greater volume of business each year. Our purchasing advice has been followed with profit by thousands of our customers during the last five years. Our aim is to retain that confidence and reap the advantage of an enlarged trade during the reconstruction period following the war.

COMPARISON THE TRUE TEST

This store welcomes the closest comparison. Large surplus stocks at 25 per cent. below today's prices gives this store a great advantage in value-giving.

Alcohol is Poison Doctors Say It Is a Menace in Any and All Forms

FIVE ounces of alcohol will kill a full-grown healthy man within ten hours. Taken in smaller but repeated doses alcohol lets him live longer but gets him in the end. All alcoholic beverages are poison, slow or swift.

Medical science has established that alcohol is a poison and a narcotic chemically related to ether and chloroform, and not a stimulant. A man was once brought out of ether who had taken eight ounces, and a man was once brought out of chloroform who had taken 22½ ounces, but no man ever revived who swallowed five ounces of alcohol at a single dose. The unconsciousness or coma produced by alcohol if not broken within ten or twelve hours is followed by practically certain death.

Alcohol as medicine has been expelled from the American Pharmacopoeia by the American Medical Association.

2.51% Alcohol in Beer Makes it Poison

THE beer of the ballot contains 2.51% alcohol by weight—over twice as strong as the beer of the Ontario Temperance Act (2.50 Proof Spirits). The Beer of the Ballot is intoxicating. Three glasses of the Beer of the Ballot contains as much alcohol as a glass of whiskey.

When you are asked are you in favor of beer containing 2.51% alcohol by weight—in shops, bars, or anywhere else, vote

"No!"—Four Times—"No!"

Save yourself, save your family, save your country for the destiny God intended unhandicapped by "booze."

Be careful—mark your ballot after each question with an X under the column headed "No," or your vote will be lost to Temperance.

VILLAGE OF GLENCOE

BY-LAW NO. 257

To take the vote of the ratepayers of the village of Glencoe entitled to vote on money by-laws, on a question to be submitted whether the said ratepayers are in favor of a supply of electric power from the Hydro-Electric Power Commission of Ontario.

WHEREAS the municipal council of the corporation of Glencoe deems it advisable to submit to its ratepayers of the village of Glencoe entitled to vote on money by-laws a question as to whether the said ratepayers are in favor of a supply of electric power from the Hydro-Electric Power Commission of Ontario.

THEREFORE the council of the corporation of the village of Glencoe enacts as follows:

1. THAT the following question be submitted to the ratepayers of the municipal corporation of the village of Glencoe entitled to vote of money by-laws:

Are you in favor of obtaining from the Hydro-Electric Power Commission of Ontario a supply of electric power?

2. THAT the votes of the said ratepayers shall be taken on this question at the following times and places and by the Deputy Returning Officers and Poll Clerks hereinafter mentioned, that is to say: On the fourteenth day of October, A. D. 1919, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon, at the following places: For Polling Division Number One—at the town hall, by Charles George, Deputy Returning Officer, and Arnold Alfred, Poll Clerk; for Polling Division Number Two—in the building known as the Simpson House, by P. J. Morrison, Deputy Returning Officer, and Harry Moss, Poll Clerk.

3. A true copy of this by-law shall be published in the Glencoe Transcript on the following dates, namely: the 18th day of September, 1919, and the 25th day of September, 1919, and the 2nd day of October, 1919, and copies of this by-law shall be posted in the following places, namely: The town hall and the post office in polling subdivision No. one, and at the building known as the Simpson House and the electric power station in polling subdivision No. two.

4. On the tenth day of October, A. D. 1919, at the council chamber in the town hall in the village of Glencoe at ten o'clock in the forenoon, the reeve of the said village of Glencoe will in writing signed by him appoint two persons to attend at the final summing up of the votes by the clerk of this corporation and one person to attend each polling place on behalf of the persons interested in and desirous of the answering of the said question in the affirmative, and a like number on behalf of the persons interested in and desirous of the answering of the said question in the negative respectively.

5. The fifteenth day of October, A. D. 1919, at the council chamber in the village of Glencoe at ten o'clock in the forenoon is hereby appointed for the summing up by the clerk of this corporation of the number of votes given in the affirmative and in the negative respectively.

MADE, PASSED AND ENACTED this fifteenth day of September, A. D. 1919.

A. J. WRIGHT, CHAS. GEORGE, Reeve, Clerk.

IS ICE-COLD WATER BAD FOR RHEUMATISM?

A BRITISH SEAMAN'S EXPERIENCE

This story of Wm. Rogers, a seaman in the Mine Sweeping Branch of the Royal Navy, is absolutely true and can be readily verified.

At Niagara Camp, in 1914, Rogers contracted Rheumatism. He was sent to the Toronto General Hospital, where for over 19 months he was a patient, finally being discharged as incurable. In despair he took a friend's advice and tried Templeton's Rheumatic Capsules. The results were astounding—in a short time he was able to pass the stiff examination set by the Navy, and became an A.B. in the Mine Sweeping Branch.

For 17½ months he did service in the North Sea. On three occasions he was blown into the sea and remained in the ice-cold water as long as eleven hours at a stretch. Despite these hardships Rogers had no return of his previous trouble. Think about it. If T.R.C.S. did so much for Rogers—will they not do the same for you?

CITIZENS' LIBERTY LEAGUE

Is Absolutely Opposed to a Return of the Old License System

The Citizens' Liberty League, consisting of prominent men and women in Ontario, place themselves on record as being unqualifiedly opposed to any measures that tend to bring back the bar and the unrestricted sale of spirituous liquors.

On the other hand, the Citizens' Liberty League sincerely believes that the present situation demands a repeal of the unsatisfactory Ontario Temperance Act, and the inauguration of sane, moderate temperance legislation.

These leading men and women, with no selfish ends to serve, and having in mind only the best interests of all the people in Ontario, are convinced that the true solution to the temperance problem is to allow the general sale of more appetizing, non-intoxicating beer and light wines, with the sale of spirituous liquors placed under proper Government regulations and restrictions.

Unite with the Citizens' Liberty League in its earnest, sincere endeavor to obtain temperance legislation which meets the needs of all but curtails the liberties of none.

Vote "YES" On All Four Questions

Remember—Every voter must vote on every question, or his ballot will be spoiled.

McClary's Pandora

THE Boiler doesn't crowd the dinner off the Pandora on wash-days. You can set the boiler either way, across or lengthwise of the top.

There is no guess-work baking either. The oven has a glass door which keeps the baking in full view. The thermometer tells whether the oven is hot enough or not. The oven, as you must have heard, is very evenly heated.

This dependable range has easy-working grates; porcelain enameled reservoir, which may be removed for cleaning.

The Pandora is the sort of range you have always wanted. See it.
