CLOVERDALE

is about one hour from Vancouver by the electric tram and we have a few 2½ and 5-acre tracts adjoining the town of Cloverdale, which are absolutely 50 per cent. cheaper than any similar land in British Columbia. These tracts are cleared and under cultivation. The soil is a rich clay loam and is perfectly adapted to the growing of apples, small fruits and vegetables. Eight trains daily provide unequalled facilities for the marketing of produce. Climatic conditions are ideal and when one considers that you get the advantages of schools, churches, hotels, stores, electric light, telephone, etc., right at hand, can you desire a more pleasant homesite? Ask for details and descriptive circulars. Remember the improved tram service will put Cloverdale just one hour from Vancouver.
