## GAME ACT.—Continued.

15. It is unlawful to shoot wild geese, brant, teal, wood duck or black duck between 1st December and 1st day of September in any year, excepting as provided in Section 7 of the Game Act, which authorizes the shooting of wild geese and brant by residents for domestic use of such residents only. Hunting ducks, etc., between sundown and sunrise from 1st August to 1st December on the shores of marshes is prohibited.

16. The killing of robins, swallows and other small birds of song (excepting the English sparrows), and the shooting, wounding, killing or destroying of sea gulls, or the trapping, snaring or snuffing of any of the birds referred to, or the taking or removing of the nest or eggs of any such birds, shall be unlawful. Penalty, \$5 for each offence.

17. Birds or animals may be killed for preservation as specimens of natural history or for scientific investigation, a special license being first obtained for the purpose from the Surveyor-General.

18. Every holder of a license granted must produce the same when required by a Justice of the Peace, Warden, Deputy Warden or Special Warden. Refusal to do so is a penalty, \$20.

19. No person shall shoot, hunt, take, kill, wound or destroy any of the birds or animals referred to in this act, or any bird or animal of the game kind on the Sabbath or Lord's day, under a double penalty.

20. If any game Warden has reason to suspect that the provisions of this act or any acts in amendment thereof have been violated by any person, he may, without any warrant, arrest such person and take him before any Justice of the Peace, who, upon complaint made to him, may thereupon deal with the offender according to law.

21. No person who is not a resident and domiciled in this Province can act as a guide or camp help. All guides must be registered in the office of the Surveyor-General before they can obtain a license as guide. A person holding a guide's license cannot act as a hunter at the same time.

22. Persons having in their possession the hide, pelt or carcass of any game animal killed in the open season can, within ten days after the beginning of the close season, obtain permission from a Game Warden to sell or dispose of the same.

24. No person or corporation shall carry or transport from place to place any moose, caribou or deer, or part thereof, unless open to view, tagged and plainly labeled with the name and residence of the owner thereof, and accompanied by him. Penalty, \$50 to \$100.

25. Game Wardens have the right to enter and search premises where game illegally kept is suspected to be held. Refusal to permit Game Wardens to enter and search is punishable by a penalty of not more than \$50 or less than \$20.

26. Persons who refuse to give information to Game Wardens of the hiding place of the skin or carcass of moose, caribou or deer, or who furnish false information, are liable to a penalty of from \$20 to \$50, or from 20 days' to two months' imprisonment.

27. No person not a resident of the Province shall hunt, take, kill, wound or destroy, within the county of Westmorland, any game birds or wild animals without first obtaining license.

28. It is lawful to kill or attempt to kill any shore or other birds along the coast of Northumberland Straits, the Gulf of St. Lawrence or the Bay of Chaleur, between the 31st day of December and the 1st day of September.

29. No person shall be allowed to carry a gun or other firearm in any forest or wood frequented by moose, caribou or deer during the close season without having obtained a permit so to do.

30. When any person has killed a moose or caribou he shall bring out the head and affix thereon a tag stating by whom it was killed, number of license and the time and place of the killing, and send a duplicate of such tag to the Crown Land Department. If the head is to be preserved or mounted, such tag shall be kept thereon until it shall be delivered to the owner, and no head shall be exported from the Province without such tag being thereon attached.

31. Any resident of the Province applying for license to hunt shall, before delivery of same, pay therefor a license fee of \$2.  
All non-residents applying for license to hunt shall, before delivery of same, pay therefor a license fee of fifty dollars (\$50).

No non-resident shall enter into the woods to hunt without a registered guide, and no guide shall guide more than two persons at the same time, under a penalty of not more than \$20 costs or 20 days' imprisonment.

32. A non-resident must have a license to hunt or shoot partridges, woodcock, snipe, duck or other game birds. Fee, \$10.

33. Every guide must, before the 31st of December in each year, report to the Chief Game Warden the number of moose, caribou and deer killed during the preceding season by parties he has taken into the woods.
