The cash bonus declared at the annual meeting on April 7th, 1885, was 22½ per cent. on the life plans, and 15 per cent. on the Endowment, and since the establishment of the Company in 1847, it has not been less than 20 per cent. and 14 per cent. respectively.

Its **Canadian investments** are large and are constantly increasing. Its rates are favorable, and its system of cash bonuses is very popular.

It has paid during the 40 years of its establishment over \$10,000,000 in claims and bonuses.

Its popularity and prosperity in **Canada** are shown from the results of the past year's business.

Its **Canadian Branch** is under Canadian management, all its earnings—besides large sums from England—being invested in the country. Its Policies are issued here, and its claims paid immediately on satisfactory proof of death.
