

# 1,000 Cars a Day Not Enough

A luxurious small car—like most ideals—was difficult of attainment.

And to attain it and still keep the price lower than any other complete automobile had ever been sold for, meant quantity production on a scale never before attempted in cars of this class.

We increased our capacity to 1,000 cars a day—more than double any previous output of cars of this class.

And the result is this comfortable small car, beautiful and complete, for \$850.

Never before has any complete automobile been sold at anywhere near so low a price.

And never before has any small, light, economical car been anywhere near so comfortable or so beautiful.

But so completely have we realized a popular ideal that 1,000 cars a day is not going to supply the demand.

If you order yours today, it will not be a day too soon to avoid delay.
