To the ladies and other exhibitors we must apologize to you for not inserting the prize list in full. We have merely quoted a few of the most important classes. To publish the whole list would necessitate our issuing a supplement, which we should do were it not for the cost, particularly the postage.—The low price at which we took subscribers last year prevents us. The coming year we hope to be able to do so.

The weather during the Fair was all that could be desired, and the attendance of spectators was large, and, pecuniarily, it has been a grand success. We have neither time nor space to give you the Address, nor even make comments about it. But we trust we have gained some knowledge that may be of service to some of you, and shall make remarks when time permits.
