

A twist of the wrist trims the roll

## "EMPIRE" Ready-Trimmed WALL PAPER

Made in Canada

### HAS TAKEN CANADA BY STORM

THIS new invention cuts the edges or selvages of the paper, true to the pattern as it is being printed. The selvages are held to the roll to protect it in shipping. When the wrappers are removed the selvages come away—leaving a perfectly trimmed roll, ready to paste and put on the wall.

It makes good paper hanging easier and cleaner, and it costs no more than the old-fashioned kind.

If your decorator or dealer cannot show you "Empire" samples write and we will send you postpaid the **Finest Mail Order Sample Book Ever Issued** by any house in Canada or the United States. It contains and describes more beautiful and fashionable styles and colorings than any Mail Order House ever sends out. It also gives full information and prices, etc.

## It's service, not surface, that counts in Wire Fencing

Fences made of soft wire may look all right, but they are liable to not all wrong when it comes to keeping strong, healthy, active live stock within bounds.

THERE is, however, one fence that you can count on for satisfactory service year in and year out, and that is "Ideal." Made of large gauge No. 9 hard steel wire, heavily galvanized, with the verticals and horizontals clamped together with a patent lock that cannot slip, "Ideal" fence is bull-strong, hog-tight, horse-high—a real fence, every foot of it.

## Ideal Fence

The quality of the wire from top to bottom in "Ideal" Fence is all the same gauge, hard drawn steel wire, tough, live, springy, heavy wire that will be standing up doing splendid service years from now. This is a point you have to watch mighty carefully. Some fences have 9-gauge horizontals, but softer, weaker wire for the stays and locks. Naturally this takes something off the price, and it takes something off the strength and durability too, far more than the difference in price. You are going to fence for a lifetime, then fence with "Ideal" and get a lifetime's service.

We make a fence for every purpose. Write for a copy of our catalogue which describes them all.

The McGregor-Banwell Fence Co., Limited, Walkerville, Ontario.

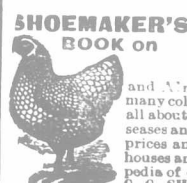

**For Sale—An Imported Clydesdale Stallion** 8 years old, weighing 2,000 lbs. A big, nicely marked, with a white face and four white legs. A sure foot-getter and a good worker. Been here for five years, and scores of his colts are to be seen. Price \$1,000 cash. No second price or terms.
