Rain and sweat have no effect on harness treated with Eureka Harness Oil. It resists the damp, keeps the leather soft and pliable. Stitches do not break. No rough surface to chafe and cut. The harness not only keeps looking like new, but wears twice as long by the use of Eureka Harness Oil.

Sold everywhere in cans—all sizes. Made by Imperial Oil Company.

FOR FENCE MACHINES.

**LONDON**

IS RECOGNIZED everywhere as far in advance of all other machines ever manufactured, and like most practical modern machines, it is very different to the old-style machines and implements which have preceded it.

The LONDON is complete in operation and light running. It does perfect work, and weaves its fences of the Coiled Steel Spring Wire which has proven a lasting success.

Fences built and woven on the ground are worth 25% to 50% more every time, and, if built with the LONDON, will cost about 50% less.
