### IMPORTANT TO

If you require good serviceable implements get COLLARD'S FLEXIBLE IRON HARROWS, CULTIVATORS and IRON COMBINEDD HORSE HOES. These implements are extensively used and have given and continue to give general satisfaction. For strength, efficiency and durability they cannot be surpassed. The Harrows can be made to cut any width of ground and of any size of iron required. Many object to them because they are too heavy. This they need not do, as I am now manufacturing harrows suitable for any soil, from 100 pounds in weight and less up to any weight they may want. The harrow teeth are all steel pointed. Circulars sent free on application. Agents wanted. GFO GILLIES, Manufacturer, GANANOQUE, ONTARIO.

Will be found invaluable at this season of the year, when the change of season requires change of diet, and the great object is to assist digestion, improve the appetite and give a healthy tone to the stomach, invigorating the whole system, and thereby assisting nature to throw off any disease that may exist, causing new blood to flow and the animal to thrive in much less time than it otherwise would. Animals will fatten with less expense, asthough fed on the same quality and quantity of food. It is also valuable for Milen Cows and Calves. For Sale by all Dealers.
