SKETCHES OF CHURCH HISTORY

IN BIOGRAPHY,

BY

FREDERICK W. FARRAR, D.D.

Archdeacon of Westminster, and Chaplain-in-Ordinary to the Queen.

3 vols., 8 vo., \$5.00.

From Author's Preface: - There are thousands of readers who will be glad to obtain a knowledge of the facts which are here recounted, but who, for various reasons, have hardly been reached by the existing Church histories or general biographies. It is with a view to their instruction that I have mainly written; while yet I would fan hope that others who have already turned their attention to these subjects, may find some things in these pages which are not wholly unworthy of their attention. I wish these volumes to be regarded as a continuation of those which I have already published on the "Life of Christ," "Life and Works of St. Paul," and the "Early Days of Christianity."
