## AFTER MEALS

Have you a dull, heavy, oppressive feeling—a feeling that you have eaten too much? If so indigestion is at work. For comfort's sake you will probably eat more sparingly in future. Then your strength will suffer, and your stomach, like every other organ of your body, be further weakened. That method can only end in ruined health. The real cure is to strengthen your stomach with Mother Seigel's Syrup. Read this:—

"For a year my wife suffered with indigestion, and her condition became so serious that she could hardly stand on her feet. But as soon as she began taking Mother Seigel's Syrup she improved and now she is quite well."—From Mr. Firmin Cyr, Siegas, Victoria Co., N.B., Jan. 22, 1908.

## SURE PROOF THAT YOU NEED THIS COLLAR

Read what Mr. H. S. Swalm says about this excellent collar:—

"This is to certify that I have in use eight Rope Rimmed Collars, made by J. N. Stewart of Regina, and I find them to be all that is claimed for them. My horses' shoulders were made very sore by other collars, but this collar healed them up. I can cheerfully recommend the Rope Rimmed Collar to anyone wanting the best collar for his horse. As to wear and quality of their make up they are equal to, or better than any collar I have ever used. The Rope Rim prevents breaking or wearing into at the throat, and the oat hull stuffing enables any one to shape the collar to the horse's shoulders."

Hundreds of these collars are in use in the vicinity of Regina alone, and I am receiving orders from all parts of the west.

### WANTS A WATCH, TOO.

Dear Cousin Dorothy:—This is my second letter to the Children's Corner. My father has taken your valuable paper for a long time. I live in town and go to school every day. I am in the fourth class. My studies are spelling, arithmetic, geography, physiology, agriculture, history, grammar, literature and drawing.

In your last issue I saw that Estella Newell had won a watch, so I thought I would like to try to get one, too. Would you please tell me how you have to earn it? I think I will soon have to close or my letter will reach the W.P.B., but I hope to see it in print.

Alta. (a) BLUE VIOLET.  
(To earn a girl's watch, all you have to do is to get four new subscribers at \$1.50 each for a year. Four girls have won these watches already and are delighted with them.—C.D.)

### PRETTY FLOWERS.

My Dear Cousin Dorothy:—It has been a long time since I wrote last. I think it would be nice to have pen-names, and have another name for our Corner. I think Kit Allen has a good plan.

We are having nice weather now. There are many flowers; such pretty ones too. My father is making a fence. I like the story about "Power Lot—God Help Us."

Well, I think I have told you my thought, so that is all.

Alta. (a) SWEET VIOLET.  
(I had to change your name a little because another member who wrote on the same day, and whose letter came in the same mail as yours, had chosen that name, too. You do not mind, do you? —C.D.)

### ABOUT PEN NAMES.

Dear Cousin Dorothy:—My father has taken the farmer's Advocate for six years. He likes it fine, and I enjoy reading the Children's Corner. I am in the second book at school. I will tell you about our farm. We have eight horses, five cows, three pigs, fifty-six hens, and five turkeys. Will you tell me what is meant by pen names?

Man. (b) GLADYS CUDDIE (11)  
(A pen-name is a name, not your own, which you sign to your letter, so that no one but Cousin Dorothy will know who is writing. What pretty paper you and your brother wrote your letters upon!—C. D.)

### SEEKING FOR FRIENDS.

Dear Cousin Dorothy:—I have been very interested in reading the letters in the Children's Corner, and last week I read a letter from Lester Cox, who says he came from the States. We came from Carroll Co., Iowa, and, when there, knew a family named Cox, who also had a little boy named Lester. So we should like to know if this is the same family, as we have lost track of them. I enclose a letter if you would kindly forward it to Lester.

Sask. (a) GLADYS MORGAN (13)

(Your letter was forwarded to Lester some time ago. The Children's Corner is becoming quite important as a means of finding relatives and friends of whom one has lost track. I hope your search resulted in the finding of a friend.—C.D.)

### MISFORTUNE WITH HORSE AND PIG

Dear Cousin Dorothy:—This is my second letter to the Children's Corner. I saw my other letter in print. I have a sow with six little pigs and I weaned them last night. We had a pig die two weeks ago. She got poisoned from eating a dead gopher that the pup carried into her pen. I saw her when she died. We had a black mare that

got shot in the knee, and it broke her leg and blood poisoning set in, which killed her. She weighed thirteen hundred pounds and was one of our best work horses, but we had a horse to go in her place. We have 55 acres of oats in, and they are up and looking fine. Our garden is up. We have an incubator set and hope to have good success with it. Our cabbage plants are ready to set out.

Alta. (a). Frank Barker.

### FOND OF MUSIC

Dear Cousin Dorothy:—For the last two years I have been reading the Children's Corner, but have never had the courage to write until I saw that pen-names might be used.

At school I am in the senior fourth standard. We are taking our examinations now, and I hope to pass. School closes the last of June, and I am glad of it, for I am not particularly fond of school.

I wonder if any of the members sing and play very much. I do both. My favorite instrumental pieces are "Melody of Love," "The Flatterer" and "The Scarf Dance." The songs I like best are "Mamma's Boy" and "Daddy."

I am very fond of reading. I would like to correspond with some girl my own age (fourteen). If Gladiolus would write first I would be glad to answer.

Sask. (a). Hollyhock.

### A PUZZLE.

It has always been a puzzle to me What sailors sow when they plough the sea.

Does coffee go with the roll of a drum? And why is a speaking likeness dumb? What was it that made the window blind?

Whose picture is put in a frame of mind?

When a storm is brewing, what does it brew?

Does the foot of a mountain wear a shoe?

How long does it take to hatch a plot? Has a school of herring a tutor or not? Have you ever perused a volume of smoke?

Can butter be made from the cream of a joke?

Who is it fixes the teeth of a gale? To a king who reigns why shout "O hail!"

With a powder puff is one's mind made up?

Does a saucer go with a misery cup? Can you fasten a door with a lock of hair?

Did a bitter wind ever bite you and where?

Who is it that paints the signs of the times?

Does the moon change her quarters for nickels and dimes?

What tune do you play on the feelings, pray?

And who is it mends the break of day? And say—I'll admit this is quite absurd—

When you drop a remark, do you break your word?

Can a rope be made out of ocean strands?

Have the silent midnight watches hands?

Can you cut a log with a wise old saw? Does the cup that cheers cry, "Hip hurrah!"

Can money be tight when change is loose?

Now what in the name of thunder's the use

Of going through college and taking degrees

When we're posed by such plain little problems as these?

## HOW TO BUILD A GOOD FENCE

Everyone intending fence building should send for our folder on Erecting Fences. It's full of valuable information on fence building, tells how to erect woven wire fencing quickly and substantially, describes the manufacture of fence wire and has an article quoted from bulletin of U. S. Dept. of Agriculture on concrete post making, showing how these durable posts can be economically made at home. Don't fail to write for a copy. It's free.
