### LECTURE.

A very large and appreciative  
audience listened, last Sunday  
evening in the Nickel Theatre  
to Pastor W. J. Thorn, of Boston,  
lecture on "The World War  
in Prophecy."  
Mr. Thorn showed that all  
wars are progressive and that  
this present World War also  
will result in the complete em-  
anicipation of the human race.  
We learned that God has a  
careful provision for man,  
er this present time of  
ow, sickness and death

is over, it will be the privilege  
of all to attain the likeness of  
God as expressed in our first  
parents, that is human perfec-  
tion, that as by one man  
(Adam) came death so also by  
one man (Jesus) came also the  
resurrection of the dead. Jesus  
paid our penalty, became our  
ransom, purchased the whole  
human race and designs to lift  
them out of degradation and  
death, during his reign, which  
will last a thousand years. This  
the world's great judgement  
day Acts 17, 31, 2 Pet. 3, 8, dur-  
ing which the Earth also will  
be brought up to perfect condi-  
tions to be fit home for a per-  
fect race, possessing everlast-

When it is remembered that  
a total of 300 marks on the best  
six subjects including English  
Constitute pass in each of  
these classes, the excellence of  
these marks is very evident.  
Olivia Lamont for Grade (XI)  
made an average equal to that  
of the most successful pupil of  
that grade in the Province at  
last summer's examination.  
Norma Webster did the same  
for her grade, while Yula  
Dennison in Grade (IX) was  
close up among last year's lead-  
ers.

Several pupils who failed to  
pass on the examination at the  
end of the first quarter have  
by diligent application, been  
successful this quarter and did  
fair to make a safe pass at the  
end of the year.

In the Common Schools the  
teachers and pupils generally  
are working hard and the out-  
look is favorable. There are of  
course, some failures in every  
grade both in the Academy and  
in the Common Schools classes  
and parents are urged to assist  
backward pupils where possible  
especially by keeping them at  
school regularly and appointing  
regular periods for home  
study. For Academy Students  
this is especially important sinc  
applications to take the Govern-  
ment Examination must be sent  
in on May 1st and the teachers  
are then compelled to decide  
from each pupil's class standing  
whether to recommend him for  
examination. Let us make this  
quarter's work tell.

"Why does the world so mali-

"Colonel," a man asked him,
