LONDONDERRY WAS NEARLY WIPED OUT

Londonderry, N. S., May 31.—The property loss suffered by this town when it was damaged by a forest fire yesterday, included 48 buildings, among them four churches, the Globe House, the rectory and the school auditorium. Forty out of the 200 families in town are homeless.

New Waterford, a mining town, was saved from destruction by volunteers who fought the fire early today when the flames burned down the woods in a circle around the town and within half a mile of it.

LAST HARD TIMES DANCE WAS MUCH ENJOYED

The last of the "Hard Times" dances which the G. W. V. A. will give this season, was held last night in the Oddfellows' Hall, the change of venue having been rendered necessary by the fact that so many tickets were sold in advance, that there would not have been room in the G. W. V. A. Hall for all who wished to attend. As a matter of fact there was hardly room enough for the dancers in the big hall of the Oddfellows' building, and the Lewis orchestra supplying the music, it is no wonder that the fun was kept up well into the morning.

The music which was established for the trial of persons attending the dance in conventional costume, was kept hard at work, for the delinquents were many, and a total of twenty dollars was collected in fines for offences against the code of dress. The prizes offered for the best Hard Times characters, were won by Mrs. Towers and Mr. Smith.

WINNERS OF TOURNAMENT RECEIVED THEIR MEDALS
Advantage was taken of the opportunity presented by the dance which was given last night in Young's Hall by the Merchants' United Football Club, to present the medals to the members of the winning team in the Five-a-Side competition on Empire Day. Mr. George S. Pearson, president of the Club, made the presentation, the fortunate recipients being Messrs. W. Shepherd, P. Piper, A. Boyd, O. K. Lord and W. Batley.

Powell's left leg was a good deal chewed up and he came to Nelson tonight for treatment.

PERSHING MAKES ELOQUENT PLEA

To Americans to Fulfill the Obligations Which They Owe to the World.
Washington, May 31.—A plea that the American people be not swayed by either personal ambition or political expediency, from fulfilling their obligations to less fortunate peoples who confidently look to us for help, marked the memorial day address of General John J. Pershing, delivered today in the amphitheatre of the Arlington National Cemetery, where the formal exercises in honor of the day centered.

ALDERMAN RANDLE TAKES HIS SEAT

The Newly Elected Alderman for the North Ward, Gets into Harness.

At the opening of last night's session of the City Council, His Worship the Mayor stated that Mr. A. J. Randle who was elected last week to fill the vacancy on the Board had complied with all the necessary formalities, and he therefore asked him to take his seat at the Council table.

In referring to the request, the Mayor stated that in his opinion there was hardly another man in Nanaimo who could have secured the unanimous vote of the Council as at present constituted, for his election, and he congratulated Mr. Randle on the fact, and also the City for having as one of its aldermen a man of Mr. Randle's ability who, he was certain, would be a real acquisition to the Board.

Mr. Randle briefly voiced his thanks to the aldermen for the vote, done him, and took his seat at the vacant desk.

A letter of appreciation for the help rendered by Nanaimo in the recent pageant commemorating the 25th anniversary of the founding of the Company, was read from the manager of the Hudson's Bay Company, and ordered to be filed.

Mr. A. T. Neen, secretary of the Empire Day celebration, wrote drawing the attention of the Council to the fact that a new refreshment booth and a band stand had been erected by the committee to replace similar structures on the grounds. Ground which had been blown down. The cost of these improvements had been \$28.55, and in view of the fact that they were permanent, the committee felt that the Council should bear the cost. The matter was referred to the Finance Committee for report.

An application from Mr. Thomas Bridle for permission to sell ice cream and soft drinks on the Cricket Grounds on the occasions when football matches were being played there was referred to the Legislative Committee for action.

Mr. Joseph Sutton wrote on behalf of the Junior Footballers, asking that they might be accorded the use of the Cricket ground on Saturday, June 5th, free of charge. Also suggesting that the Council might consider the way in making the ground available to the visiting Vancouver team on that date, and asking for the use of a room in the Athletic Club building for the holding of football meetings.

The Mayor having pointed out that a request for the use of the grounds had been received at the last meeting of the Council, and had been referred to the Properties Committee for action, Ald. Hart said that as no action had been taken by that committee in the matter, he moved that the Council grant the juniors the use of the grounds free of the usual ten per cent. charge.

Ald. McCue objected to matters relating to finance being taken out of the hands of the finance committee. He was decidedly against granting the grounds free to any club, for the regular charge should be paid by all alike. He moved that the Council grant the juniors the use of the grounds free of the usual ten per cent. charge.

Ald. Hart explained how it was that Mr. Sutton had come to make this request instead of the secretary of the Council, and he pointed out that the request had been referred to the finance committee, who he claimed, ought to be getting busy in the matter of securing the ground to the city.

BRITISH POLICY LOCAL CRICKETERS BEAT VANCOUVER

Nanaimo cricketers were afforded one of the too rare treats of a real match on Sunday, when a Vancouver team skipped by F. A. Barrs, came to give them a game. Favored by beautiful weather, the match was a most enjoyable one, and was made still more so for the locals by the fact that Nanaimo registered their first win of the season.

Winning the toss, Jepson decided to bat, but the start was far from propitious, for the first two wickets fell for only 7 runs. Then, however, the skipper partnered Leighton, and the score being taken with 43 before Jepson was dismissed with 78 to his credit. Leighton continued to bat, and with the assistance of Cowman, who was the only other batsman to reach double figures, carried the total to 123 before he was out.

Vancouver made a good start, bowing Leighton and Jepson, twenty having been scored before the latter was caught, and bowled by Jepson. Barrs by this time had played himself in, and continued to use forcing tactics, treating all the bowling with scant courtesy, but paying special attention to Leighton's deliveries, which he hooked repeatedly.

The fall of the sixth wicket saw the score stand at 43, and at this point it looked as if a very tight finish, but then Barrs put up an easy one to Jepson off Armstrong, and the chance being accepted, the game was as good as over. The free innings for his 48, Sharp and Duncan each got into double figures, forming the close of the innings, the total at cover.

Jepson was finally caught by Wilks, thus leaving Nanaimo victorious by 27 runs. The full scores are as follows:

CONFERENCE WITH WEST INDIES OPENS

Ottawa, May 31.—Sounding the note of imperial solidarity, the conference between representatives of Canada and the West Indies began business today. The opening proceedings were marked by addresses of welcome to the delegates from the Governor-General and Sir Robert Borden. All the British West Indies were represented at the opening session of the conference, the British Government being represented by the Under-Secretary of State for the Colonies, and Canada officially by Sir George Foster, Minister of Trade and Commerce; Hon. C. C. Ballantyne, Minister of Marine and Fisheries, and Hon. Martin Burrell, Minister of Customs. Sir Henry Drayton, Minister of Finance, is also a Canadian delegate, but was unable to be present at the opening.

This from spreading through the schools. Attached to the report was a lengthy report from the Sanitary Inspector on the dairies of the City, consideration of which was postponed until the next meeting.

On motion it was decided that Thursday next, June 3rd, being the anniversary of the King's birthday, should be observed as a public holiday, and that therefore the usual half-holiday on Wednesday should not be kept.

Ald. Barsby brought up the question of the desecration of the graves in the Cemetery, stating that several hundred dollars' worth of glass globes had been destroyed by evil-minded persons of late, and it was resolved to offer a reward of ten dollars for information which would lead to the conviction of the guilty parties, notices to this effect to be posted around the Cemetery fence.

The appointment of a pound-keeper was deferred for a week longer in order to give the Council an opportunity to discuss the matter in committee of the whole.

MUCH RAW SUGAR HELD FOR A RISE IN PRICE

New York, May 31.—Santiago Mischo, of Havana, who arrived at the Hotel Astor last week, said today that a million and a half tons of raw sugar was being held in Cuba awaiting the peak of the market.

He denied that the planters were trying to profiteer, but asserted that the law of demand and supply had made them dictators of the market.

"With prices almost tripled since last year, it is not surprising that people here are bewildered," said Mr. Mischo, "but with the cessation of the war-time methods, the sugar growers believe that they are entitled to re-establish their business on a peace time basis and regulate their prices to the demand for their commodity."

IRISH MUST FIRST REACH AGREEMENT
Among Themselves, on the Question of Self-Government.

London, May 31.—Earl Reading, speaking with regard to the Irish question this afternoon at the Aldwych Club, the Anglo-American organization said:

"No British Ambassador has ever gone to the United States without an intense desire in his heart to announce to the American people that the Irish problem had been solved, but with the fatality which seems to accompany it, the Irish cup of fulfillment has always been dashed from their lips."

Lord Reading added that until the Irish themselves reach some agreement on the self-Government issue, it is difficult to see what can be done. He declared that there must be no departure from the British principle that Ireland can not sever herself from Great Britain and can not allow the Ulster minority to be coerced.

SENDING WARSHIPS TO IRISH PORTS

The situation in Ireland is said to be far more serious than is generally believed.

London, May 31.—The National News says: "The position in Ireland we understand, is so grave that a number of warships are now being fitted out for dispatch to Irish ports. The situation is more serious than would appear from published telegrams, and startling developments are expected in the next few days."

London, May 31.—A Cabinet meeting was held today to discuss the Irish situation, at which Premier Lloyd George, Viscount French, Lord-Lieutenant of Ireland, Rt. Hon. A. J. Balfour, Lord President of the Council, Sir Hamar Greenwood, Chief Secretary for Ireland, and General Sir C. F. Neville Macready, military commander in Ireland, were present. The latter two had come from Dublin especially for the meeting.

It is believed the Ministers discussed, among other things, the situation arising from the Irish labor challenge regarding the handling of munitions.
