#### CLEWS' REPORT.

by our farmers.

The point is that, if on the highly valuable lands of the old country so many sheep can be maintained at a profit, it stands to reason that Ontario could better afford to approach their example than otherwise. cLEWS' REPORT.

The great trouble with our Ontario farms at present is the lack of fertility on many of the older settled homestreads. Continued cropping, renting and lack of cultivation have done much to wear out their soils.

To build these up we should keep more live stock, and by doing so we will soon make our land suppore more than 100 acres of land. No class of animals can be handled so easily on most farms as sheep. The returns show larger clean profits than do many other forms of stock husbandry.

Now, while sheep are selling low, is the time to stock up with a good flock of mutton or wool-producing ewes.

CLEWS' REPORT.

New York, Feb. 20.—Money is easy everywhere. Not only in New York, but in Paris, Frankfort and Berlin the tendency of interest rates is still downsards. This, of course, is mainly due to the depression prevailing in commerce more than 100 acres of land. No class of animals can be handled so easily on most farms as sheep. The returns show larger clean profits than do many other forms of stock husbandry.

Now, while sheep are selling low, is the time to stock up with a good flock of mutton or wool-producing ewes.

The recipts of live stock at the Union Yards were 36 car loads, consisting of 791 cattle, 87 sheep and lambs, and 7 calves.

There were several lots of good butchers and export cattle, but more of the light medium class.

Considering the quality prices were not higher than last week.

Exporters—There was one load and only one load of 22 export cattle that reached \$5.00\$. But they were the best seem on the market for some time, being declared. Silver queen showed increased strength, closing at 64.3-4, reached \$5.00\$. But they were the loss of 20 steers, 1,330 lbs. each, sold by Corbett & Hall, at \$5.40 per cwt., and \$10 over on the lot; Maybee & Wilson sold one lot of 15 steers, 1,200 lbs, each, of very choice quality, at \$5.40. These were the only three lots that reached \$5.60. But theres. Prime picked heifers and steers, 1,550 to \$2.75; bulks, \$3 to \$4.25. With a very few good enough to export at \$4.40; camners and common cows, \$1.50 to \$2.75; bulks, \$3 to \$6.20 pounds, or \$3 tons, as against \$3 to \$4.25. With a very few good enough to export at \$4.40; camners and common cows, \$1.50 to \$2.75; bulks, \$3 to \$5.00 to \$2.75; bulks, States, the outlook for irritating tariff discussion and the fact that neither securities nor commodities have yet undergone an adequate decline all tend to unsettle confidence in the future of the stock market.—Henry Clews.

DUN'S REVIEW.

Improvement in the structure of business is much more pronounced than improvement in the activity of business. While financial and political developments, both in Eurone and the United States, are distinctly better, the progress toward the cagerly expected revival of trade is slow, and, especially in the iron, copper and coal trades, is disappointing. Even as it is, railroad earnings for the first week of February are only 0.1 per cent, less than in the corresponding week of 1906, and are 13.4 per cent, greater than last year. The decrease in bank clearings in New York, as compared with the corresponding week in 1906, is heavy—23.7 per cent.—this being attributable to the extreme dulness of the security market, but at lending cities outside of New York there is a gain of 9.2 per cent., so that a large volume of hyences is being carried expenses. is a gain of 9.2 per cent, so that a large volume of business is being carried on. DEATH OF DOWLEITE.

DEATH OF DON'TEITE.

The death occurred here yesterday evening of Frederick Pickering, an old resident, who had formerly a lucrative medical practice in England and Germany. He lost a large fortune in the latter country, however, and came to Canada to follow the business of maxtrees making. He spent a couptro of years in Zion City as a disciple of the late Alexander Dowie.

Electric Line From Brantford to Port Dover Proposed.

Brantford, Feb. 23.—Now that Brantford has radial connections with Hamilton on the east and Parls and Gelt on the north, an effort will be made to tap the south to Port Dover on Lake Erie.

A new radial is projected, for which there is already a charter in existence and the road will be constructed by the Grend Valley Company, now operating in this city.

It will open up for Brantford trade a territory with a populsition of 44,000, which is a very important factor to local business men.

#### FREESTONE LODGE.

Arrangements are being made by the I. O. F. to have a big event in this city on the evening of April 18, or about that time, in connection with the presentation from Free-stone Court, Grimsby, to the family of the late George Teeter, chief ranger of the Court, who was killed, with four others, on the morning of Saturday, January 16. The Supreme Chief Ranger, E. G. Stevenson, who is now in California, will be here to present a silk charenery-lent act in presenting 11,000 a year for ten years—to the family of Chief Ranger Teeter.

Brantford Travellers to Boom the City While on the Road.

(Special Despatch to the Times.)

Brantford, Feb. 23.—Mrs. Annie Symons appeared before Judge Hardy here yesterday, charged with abduction. The Crown offered no testimony, and the woman was given her freedom. The husband did not wish to press the case, as he had recovered his four children and it intended to keep them. He had contributed to their keep for the past four years, while living apart from his wife.

THE TWENTY-FIFTH.

Sir Frederic Borden has announced that Brant county is to have a cavalry regiment of its own, 300 strong, with squadrons at Paris, Burford and Brantford. The new organization will be known as the Twenty-fifth Brant Dragoons, and Mr. A. J. Wilkes, K. C., will be the Lieutenant-Colonel. The uniform will be scarlet tunic and blue trousers with yellow facings. The present "C" squadron of the Second Dragoons, now located at Burford, will be trousers of Mr. Lloyd Harris, M. P., in securing the regiment.

The uniform of the regiment will be: Scarlet tunic, blue trousers, with yellow facings, and brass helmet with scarlet plume. The crest will bear a circle of three wreaths of maple leaves, surmounted by a Tudoc crown, On the circle will be a shield with the numerals will be a shiel alone, figures which call for immediate action to minimize this appalling loss of life. Full particulars will be given to mayors of cities, shipping firms, fire brigades, port and harbor authorities, police, school authorities and the general public throughout the Dominion, on application to any of the society's branches or to the Hamilton Branch of the Royal Life Saving Society.

#### SOCIALISM.

Edilor DeLeon Spoke Chiefly to Foreigners.

Daniel De Leon, editor of the Daily cople, a socialistic publication in New York, arrived here yesterday and addressed a well-filled meeting in Kennedy's hall last night. The topic which Mr. De Leon elaborated on was the "Relation of Socialism to the Industrial Question and Unionism." The gathering was hardly representative of the unions of the city. Mr. De Leon's arguments were put forth brilliantly, and dealt with the usual socialistic ideas. Mr. De Leon brought with him his latest edition of the Daily People, and it was distributed amongst the audience for perusal. The Socialists of this city recognize the fact that they have not a strong hold on an influential class of people, and last night's audience was composed mostly of foreigners. This was one of the reasons for bringing De Leon here, to explain the fundamental truths of socialism, and gain more converts, and of a more influential class.
