#### Quarantine Tax.

Editor Evening Telegram. Dear Sir,—There is a quarantine tax of \$10.00 collected by the authorities from all steamers arriving at this Port from Sydney, C.B., since April last, and I understand from parties interested, that this charge on shipping is owing to the S. S. Newfoundland on arrival from sealfishery, bringing smallpox to this port, which was supposedly traced to Sydney.

to Sydney. It is somewhat difficult to imagine why ships from the above Port should be quarantined, while arrivals from all other Canadian Ports are exempt, but the ridiculous side of the matter is, that a local ship makes the voy-age to Sydney and back, in five or six days, and smallpox takes any time up to twenty one-days to develop. The writer is unaware of what per

formance, if any, is enacted at Port aux Basques, but any one can under-stand that a passenger could come here from Sydney and be at St. An-thony or in Great Britain before the smartest medical expert could truthfully say he had small pox. Thanking you for space, sir

## **Be Warned** by Headache

It tells of Serious Derangements of the Liver and Kidneys-Try Dr. Chase's Kidney-Liver Pills.

You can stop a headache with pow-erful drugs. But it is not generally wise to do so. A headache almost always warns

you of derangements of the digestive System, the liver, kidneys or bowels. Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than headache.

Pains are the result of poison in the system and whether you have headache, backache or aching limbs, headache, backache or aching limös, you can be almost sure of relief and cure by the use of Dr. Chase's Kid ney-Liver Pills. They are wonderfully prompt, as well as definite and thorough in ac-tion. You can depend upon them, no matter how long-standing or compli-meter how long-standing or compli-
