JANUARY 3rd. 1915.

Soft Coal \$10.80 a Ton.

Over seven years ago, Sir Edward Morris said the

tional grievance, and promised to take steps, if elected, to effect a reduction.

Here is the paragraph in his Manifesto of October 3rd, 1908, to which we

the present price of coal is so far-reaching, touching as it does every fireside in the colony, as well as every industry, that it has become a national grievance. Coal in Sydney to-day grievance. Coal in Sydney to-day sells as low as \$3.00 a ton, yet it costs our people in many settlements in the colony as high as \$7.20 a ton, though a cargo of English household coal was brought across the Atlantic, a distance of two thousand miles, and sold in St. John's recently for \$5.90 a ton. A means must be found for effecting a reduction in the price of coal, and, if elected, we shall take steps to bring about such a result."

Although Sir Edward gave this pledge, nothing has been done, which has had the effect of reducing the prices then prevailing, which he characterized then as a national

characterized then as a national Mare, Hayward, Elsie and Jean Hergrievance. On the contrary the prices der. All the impersonations in this rose steadily until coal was selling in the city at eight dollars a ton, and now to-day it is quoted at \$10.80 a ton, fifty cents higher than the highest prices sie Herder the "Vivandiere" Miss Colcharged in the most remote settle- ville, the Wooden Soldier, Mrs. Cha-

ments at the time his promise was made.

We have drawn attention to these matters with a view to urging on the Government the need of drastic action immediately. We recognize that the War has added to the difficulties of the situation by making tonnage. very entertaining manner the m lifficult to get and made freights high when tonnage is obtained, but all the more need of the Government taking action to counter-act these evils.

The Government must act. In the first place, let the Government immediately takes evils to give a drawbedle distaly takes evil to give a drawbedle distaly takes evil takes a drawbedle distaly takes a drawbedle distaly takes a drawbedle distaly takes evil takes a drawbedle distaly takes evil takes a drawbedle distaly takes a drawbedle distaly takes evil takes a drawbedle distaly diately take action to give a drawback on all coal equal to the duty now collected and take an account until the Legislature meets and then give the Municipal Council other means of tion. To Mrs. Chater under whose the second place, let them commander, as a War Measure, all the coal in the ports and shipping and premises to carry on a coal trade for general purposes and shipping and premises to carry on a coal trade themselves, and if they need any to those who so ably assisted in giving so excellent an entertainment, of which the Pierrettes Night well feel proud. The decorations which were very pretty were aranged by Mrs. and premises to carry on a coal trade themselves, and if they need any hacking let them call the Legislature together by issuing at once a Proclamation for the meeting of the Legislature on the shortest possible

As we have permitted the departure of all our steel ice steamers, including two of the Reid Mail Boats, to assist Russia in the War, let the Govern-ment ask the Admiralty as a considreation and to meet the coal situation here, to assign a large collier for the Newfoundland trade. At the present time, the coal merchants are up against the difficulty of obtaining tonnage, and freights have more than doubled what they were a few months.

Just received ex S. S. Graciana, a splendid line of Singly Boxed New Year Cards. Price 10c., 15c., 20c., 30c. and up to 80c. GARLAND'S Bookstores, doubled what they were a few months ago, and they cannot handle the situation without imposing hardships on the purchasers of domestic coal. At the present time, they are holding coal to supply contracts, as they see its page of replenishing their coal to supply contracts, as they see little chance of replenishing their stocks and this chance is under very high freight rates, and they are dolling

due to volume of business.

holders at \$10.80 a ton.

Sir Edward Morris recognized the situation as of national importance seven years ago. Now it is more than 50 per cent. worse, he must act at once, or give place to those who will.

Among the New Year honors con-erred by His Majesty the King is that of a Knighthood to William D. Reid, Saq., President of the Reid Newfound-and Company. The new Knight has, since the outbreak of the war, given argely to the War Fund and to local settricite, funds. The first quick firpatriotic funds. The first quick firing guns that the Newfoundland Regiment had in use were presented by the Reid Newfoundland Company. Sir W. D. Reid has also given two sons to the Empire—Lieut. Bruce with the Nfld. Regiment and Lieut. Howard with the Royal Army Flying Corps. The new Knight is the eldest son of the late Sir Robert Gillispie and Lady Harriott Duff Reid, and was born in West Australia in 1868. He came to Canada with his parents in 1871 and was educated in Galt College and other Canadian Colleges. In 1894 he was associated with his father in the construction of a part of the Canadian Pacifific Railway north of Lake Superior, and also in the building of the C. P. R. bridge over the St. Lawrence at Lachine. He constructed on his own account a portion of the Algorna branch of the C. P. R., and the branch of the I. C. R. from Hawkesburn to Grand Narrows. C.B. During the con-struction of the line across Newfoundand his assistance to his father was ndispensable, and under his direction he work was successfully performed. Ve congratulate the new Knight on he honor conferred on him and trust

Sir W. D. Reid, Kt.

ESSENCE OF GINGER WINE. Having had considerable corre pondence with parties in the Old Country, I have at last succeeded in obtaining the genuine and original recipe for the "Essence of Ginger Wine," which I now offer at 15 cents

It was originally prepared by an old Squire in Lancastershire, A.D. 1575. It is made from the purest ingredients, and is strictly non-alcoholic. It makes an ideal Christmas drink for the young and the old. The contents of one fifteen-cent bottle, mixed with three quarts of hot water, in which there has been previously dissolved one and a quarter pounds of sugar, makes the Ginger Wine ready for use. I have much pleasure in introducing this old (but still new) preparation.

Coal \$10.80 a Ton

Editor Evening Telegram.

Dear Mr. Editor,—One firm at least has served notice on their customers that coal is now ten dollars and eighty cents per ton. This same firm has two big sheds of coal still untouched and on no coal have they paid the in-creased freights that they make the exclse for this intolerable advance of over thirty per cent. This is business opportunity exalted to the nth degree. The man that will wring such profit from a poor man's necessity is no patriot and his "bowels of compas-sion" are eliminated altogether. Is it any use to appeal to the Govern-ment? or are the people to organize themselves against such outrages? We are a long-suffering people, but the worm must turn at last. Last week
