**You Make 3 Per Cent. if
You Hurry.**
We have persistently advertised that we can make 42 per
cent. profit in the next 20 months on every \$100 invested NOW.
We have given all the details to all enquirers and have netted
good business as a result. We now advise that the first pay-
ment of the above profit, consisting of 3 per cent., will be due
on February 1st, and all purchasers who enter their orders be-
fore January 15th will be in time for that first dividend. After
that date the proposition becomes only 39 per cent., so it pays
to act quickly if you want the most for your money.
