She made her profession in ren, sharing their joys and sorrows stant death claimed the soul of 1857, receiving the black veil from and never more happy than when she fully performed the duties of wife and Mother Mary Bernard O'Donnell of the hands of the illustrious prelate, was bringing sunshine into the lives large heart found room for all who all a true religieuse, whose life for well-nigh a century was filled with virtue and good works, such was tle community and of the children en- Mother Bernard O'Donnell-such was she whose death it is our sad duty

her great faith and trust in God increasing from day to day. What wonder was it that when she realized the near approach of death, she felt like a school-girl going home for the holiies of pleasure, but the true Christian dies daily to the world and to himself. Death to him then is not the hideous visitant with the unsheathed sword coming to put an end to his enjoyments, but Angel of light to lead the soul into the Land of never-ending delights. Such it must have been for Mother Bernard, for her and such as her, there is no sting in death; it is the Beginning not the End, of joy and peace and bliss untold. As an infant falls sweetly to sleep, so did the saintly soul of Mother Bernard go out to its Maker at 7 o'clock on Sunday evening, Around the bedside were grouped the Nuns of the Community prayerful an tearful, realizing all too vell that a gentle presence was being taken away from them. The Very Rev. Dr. Greene, P.P., was most un tiring in his attention to the dying Nun, pronouncing the final blessing of the Church as the Soul left the

ody and entoning the first prayer for the departed spirit. On Tuesday morning the precious emains were conveyed to the Parish Church where at ten o'clock Requiem Mass was sung by Rev. Dr. Greene, P.P., Witless Bay, assisted by Very Rev. P. J. O'Brien, P.P., Bay Bulls. Throngs of people filled the Church to offer their respects to the dead Nun and to breathe fervent prayers or her soul. At the cemetery the 'Benedictus" was chanted by the riests and the Choir and in presence of the Community and the people whom she loved, the earthly remains of Mother Bernard O'Donnell were laid to rest, to await a glorious

esurrection. Numerous tributes of sympathy ave been received from friends near and afar. His Grace on hearing the sad news telegraphed the following nessage to Dr .Greene:

NEW YORK, April 7. Have heard with very deen regret that Mother Bernard O'Donnell passed away yesterday. In Mother Bernard's death, there passed away the oldest Religious in Newfoundland and the last member of a family famed in our Church annals. Convey sincere sympathy to the Community at the Convent and the people of the Parish of Witless Bay which was the scene of her devoted labors for over sixty years. May her soul rest in peace."

† E. P. ROCHE, Archbishop of St. John's.

Among the surviving relatives of the late Mother Bernard are: Mrs. O'Gorman, Harbour Main, (niece); Hon. J. D. Ryan, City, (Cousin); Rev. Michael Leamy, P.P. Oderin, and Messrs. John and Jeremiah O'Donnell, City (grand-nephews), to whom as well as to other relatives sincere sympathy is extended. Mother Bernard's long life is over, she will be sadly missed by the members of her Community and by the whole Order in Newfoundland, but we are gladdened by the thought that in the Book of Life wherein are written the names of all those who through love of God and their fellow creatures have won the crown of glory that of mother Bernard O'Donnell is eternally inscribed. May her soul rest in peace. Amen.

See Anton Lang for the last time as Christus, in the Passion Play, shown in the Presbyterian Hall on Monday and Tuesdays evenings, April 14th and 15th.

### **FARMERS** FAVOURITE FERTILIZERS

Approved of by the Canadian Government Department and guaranteed free from pulverized sand or other dulterant. You can rely on their good quality.

The farmers who make money are those who use Fertilizers. They get larger and better crops.

Fertilizers will put into your ground the nutriment which your crops took out last year.

Just as you need food to do your year's work, so does your ground need food to produce good crops.

Putting Fertilizer into your ground is like putting money into the Savings Bank, you get back greater value in the Fall.

Try Farmers' Tested Fertilizers this Spring, remember, 10 additional barrels of potatoes or other vegetables will repay the cost of 5 or more bags of Fer-

Farmers' Fertilizers have been favorites for years in Newfoundland, they'll make your garden grow.

Put Fertilizers on your ground now and let the Spring rains carry their goodness into the soil.

After your crops begin to show over the ground, put some Fertilizer on top of the ground near each plant and watch them grow.

Don't pay too much attention to "Analysis," you can be deceived. Remember we guarantee our Fertilizers.
