Michipicoten's Gold Find Claimed to Be "the Best in America."

Late Developments Substantiate Its Previously Reported Richness.

Sault Ste. Marie, Mich., Sept. 2.-J. Mackie, one of the owners of the first gold claims discovered on the shores of Lake Wawa, back of Michicoten, who returned from there on Monday night, says: "I am satisfied that we have one of the best things in over. Prof. McKenzie is an expert mineralogist of national repute in Canada, and my opinion of the richness f our claim is largely based upon what he said, supplemented by ocular proof. From more than 40 different laces on our land we have taken goldearing quartz. The leads are all as true as a die, and uniformly carry gold to the main lead to the vein, which is a genuine fissure. Of that there seems not the least doubt. The vein has been followed on the surface for some distance. I have crushed me of the quartz in an iron mortar, and afterwards panned out gold that

Disease Supposed to Have Been Communicated to a Tanner at Acton, Ont., From Diseased Hides.

Toronto, Sept. 2.-Dr. Bryce has been summoned to attend a fatal disease that has broken out in a family residing at Acton, near Guelph. A week ago last Monday Wesley Campwho works in the tannery at Acton, noticed a swelling on his face. There had been a small scratch on his face and the swelling was most pronounced in the immediate vicinity the scratch. The swelling enlarged so rapidly that Mr. Campbell was obed to leave his work on Monday. The disease made such headway that death occurred on Wednesday, the deeased being buried on the following On Sunday the father of Mr. Campbell took ill with the same trouble, and, according to a lady who was visiting at Acton, he was not expected to live on last Monday night. It is also feared that another of the sons is taken ill. The father had waited upon his son during the few days of his illness, and it is believed he contracted the malady from him. The local doctors diagnose the cause as anthrax, which is a well-known disease common in cattle. It is supposed that the germs were communicated from the hides in the tannery to the scratch on the face of the first vic-

To Grocers.

We have direct proof that peddlers of washingpowders say that the stuff they're selling is "made in the same factory" as Pearlineand that buying from them will save going to, or ordering from, the grocery store. Do you want people "saved" that. You have these same washing-powders in stock. Possibly you - are giving them out, whenever you can, in

place of Pearline. You are trying to push them into notice; they are trying to crowd you out. You think you are "making more money on them." But will it pay you, in the end? Send Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled,

JAMES PYLE, New York. died Tuesday night at his late residence, Steel street, Yarmouth Heights, after an illness which confined him to his bed for the past three years. De ceased, who was in his 75th year, was born in the township of Yarmouth, and always resided in the county. He was a blacksmith, a staunch Reformer, and consistent member of the Disciples' Church. Besides a widow he leaves one son, Daniel, St. Thomas; one daughter, Mrs. W. F. Paddon, Yarmouth Heights; three brothers, Fred

and George, Nashville, Mich.; John Clifford, Mich., and one sister, Mrs. George Teeple, of Clifford. Sarnia Observer: Mrs. John Shaw, who resides on the northerly limits of Sarnia, created quite a sensation in this community last evening by at-tempting to commit suicide. It appears that everything has not been going smoothly between Mrs. Shaw and her husband, resulting in Mrs. Shaw falling a victim to jealousy. Yester-day she decided to end all her worldly troubles by cutting off her head with a razor, but the keen blade had penetrated but a short distance under the skin when she changed her mind, and ecided to try the paris green route She had mixed a cupful, and was about to swallow it when prevented by the timely arrival of friends.
