treatment.'

There are thousands of people in this world who eat no meat from one year's end to another, and certain savage tribes in Africa and Polynesia are almost exclusively meat eaters; but while there are thousands of these there are millions who live upon a mixed diet of meat, vegetables and grains, and if numbers is a criterion, it would seem that a mixed diet is best for the human There are thousands of people in this | and stimulants cannot furnish good meat, vegetables and grains, and in mumbers is a criterion, it would seem that a mixed diet is best for the human family.

Henry Kirkpatrick, of Lawrence, Mass., says: "Men and women whose occupation precludes an active outdoor."

The fact that you will find many and any number of robust specimens who eat both meat and vegetables and anything else that comes their way all goes to show that the old saw is the specimens who have the specimens who have the specimens who have the specimens who eat both meat and vegetables and anything else that comes their way all goes to show that the old saw is the specimens who is specimens. The specimens who is specimens. true one, that every man must be a law to himself as to what he shall eat and

To repair the waste of tissue in brain appetite whatever for breakfast, and workers, as well as to replace the muscles and sinew of the laborer, can only be done through the process of diges-

Every nerve, muscle, sinew, every drop of blood is extracted from the food

we eat and digest.
In these days of hustle and worry, and artificial habits of life, scarcely one person in a thousand can lay claim to a perfect digestion; dyspepsia is a national affliction, and Stuart's Dyspepsia Tablets a national blessing.

Most cases of poor digestion are caused by failure of the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the stomach to secrete sufficient gastric juice, or too literates the

crete sufficient gastric juice, or too little Hydrochloric acid and lack of peptones, and all of these important essentials to perfect digestion are found in Stuart's Dyspepsia Tablets in convenient palatable form

in Stuart's Dyspepsia Tablets in convenient palatable form.

The greatest English scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids the doctors had been treating me for they would make me feel better, level really thinking I had dyspepsia, but after only three or four tablets had been taken all the acid trouble disappeared, and than I discovered I had had acid dyspepsia, while the doctors had been treating me for the proper quantity of digestive acids the dectors (lactic and hydrochloric), and peptogenic products; the most sensible re- them treated me for rheumatism. medy in all cases of indigestion, is to take after each meal one or two of clear, and I am able to do my work, Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless "I am so thankful for finding a cure form all the elements that weak stom-

One or two of these tablets taken after meals insure perfect digestion and assimilation of the food. Cathartic pills and laxative medicines have no effect whatever in di-

gesting food, and to call such remea cure for dyspepsia is far fetched and absurd.

Stuart's Dyspepsia Tablets contain pepsin free from animal matter, diastase, and other digestives, and not only digest all wholesome food, but tend to increase the flow of gastric juices, and by giving the weak stomach a much needed rest bring about a healthy condition of the digestive organs and a Nervous, thin-blooded, run-down people should bear in mind, that drugs ain.

NAVIGATION NEWS

The Beatty Line of Steamers Sold-Heavy lee in Detroit River.

Sarnia, Feb. 10.-The important announcement is made semi-officially that the Northern Navigation Company, of Coffingwood, has acquired all the stock of the Northwest Transportation Company, more negligible knows as the Saraham and the Sara pany, more popularly known as the Sar-

pany, more popularly known as the Sar nia, or Beatty line of steamers, which run from this port to Sault Ste. Marie and Lake Superfor ports. About a year ago the Collingwood, company secured a controlling interest in the stock and so setisfactory was the business last year, and so promising is it for the future, that that company lost no time in acquiring the rest of the

This will give the Northern Navigation Company control practically of the Canadian tourist traffic on the upper Canadian tourist traffic on the upper lakes. The lines thus amalgamated will in all probability be under one management, though this point will not be definitely decided upon for a few days.

New energy will be put into the service from this port by the addition of the magnificent steamer Huronic, now approaching completion at Collingwood.

HEAVY LOE IN DETROLT BLYED.

HEAVY ICE IN DETROIT RIVER. Detroit, Feb. 10.—The ice in the river was heavier yesterday than it has been any time this year, and all of the ferry-boats had a hard time in crossing. The heavy green ice from Lake St. Clair has floated down against the big field which has been off Detroit for the past week, and the ferryboat Victoria became

TUMORS DRAWN

A Painful and Barbarous Method of Ireatment Which Might

A lady, in writing about her case not long ago, said she had tumors in her right breast, and had them drawn but with plasters. This drawing pro-cess gave her great pain and weakened her terribly, but worst of all more tumors grew again. She then heard of our constitutional treatment which does away with the pain of the plaster and surgeon's knife. What is her verdict after using this remedy? She says, "I have not felt so well for over three years. I cannot say too much in its praise." This lady's name, photo and testimonial, together with many others, in our new book, "Cancer, Its Cause and Cure." which will be sent to any address on receipt of two

Scotia's Coast.

Went Out of Her Course in a Heavy Snowstorm - All the Passengers Saved-Three Steamers Sunk in the Thames.

Halifax, N. S., Feb. 9.-Four and a half miles from this city, on the western side of the entrance to Halifax harbor, the big Allan-Furness liner Greeian lies a

hopeless wreck. The steamer sailed from Liverpool on The steamer sailed from Liverpool on Jan. 25, bound to this port, via St. Johns, Nfid., and left the latter port on Thursday evening. She was off this harbor at 2:30 this morning, took a pilot on board, and was coming in, when a thick snow squall came on suddenly, and the steamer crashed on the rocks, passed over and struck a second time, and remained

mained.

There was not much sea on at the time, but a heavy undertow, and this soon ground large holes in her bottom, through which the water poured, filling the hold. When daylight broke it was found that the ship was on the rocks southwest of Sandwich Point, three miles inside Chebucto Head, and fully a mile out of her course. She has about 300 tons of general cargo, including a quantity of salt, drygoods, oranges, iron, steel and whisky.

of salt, drygoods, oranges, iron, steel and whisky.

When the news of the disaster reached the city the agents immediately dispatched tugs and lighters, with steam pumps, to the scene. At 4 this evening there were 17 feet of water in her fore-hold, and 18 feet in the after-hold, and divers were at work removing the cargo. Her engine-room remained dry. The ship lies broadside on, and within 50 yards of the shore hetween Holystone and Martin's shore, between Holystone and Martin's

RESCUE OF THE PASSENGERS. RESCUE OF THE PASSENGERS.

When the steamer struck the weather was so thick that it was impossible to see land, although the sea could be heard breaking a short distance away. Lifesaving crews from Herring Cove and Devil's Island responded to the signals of distress, and they took off the passengers, and then remained by the ship in case of emergency. The captain in the meantime ordered the crew to lower the boats, and have everything ready to leave the ship.

leave the ship.
Over 100 tons of the cargo have been removed.

The captain hopes to get the steamer off the rocks at high water in the morning. Capt. James Harris, who commanded the Grecian, brought Lord Dunraven's Valkyrie to America to race for

the cup.

The steamer had the following cargo for Upper Canada: Berlin, Ont., 1,654 bundles salted hides: Montreal, 2 cases cotton, 2 packages drygoods, 25 bundles steel, 350 bars steel, 2 bales door mats; Quebec, 10 bales skins; St. Catharines, Ont., 190 bundles steel; Stratford, Ont., 12 barrels, oil

THREE STEAMERS SUNK. London, Feb. 8.—There was a remarkable series of collisions in the Thames today. The collier Poplar, of London, today. The collier Poplar, of London, while entering the Regent's Canal basin, was run down by the French steamer Cordilleras, from River La Platte, with a cargo of frozen meat. The Poplar swung off and struck the British steamer Morocco, having on board 24 passengers and a cargo for Mogador, Morocco. All three vessels sank. The crews and passengers were rescued by tugs, but the Poplar, in attempting to beach herself, sank two river tugs before going down herself.

A ROUGH VOYAGE.

A ROUGH VOYAGE. London, Feb. 8.-The passengers of the London, Feb. 8.—The passengers of the St. Paul, which has arrived at South, ampton nearly two days overdue, had an unusually rough experience with wind, waves and fog. The vessel did not sight the Lizard until 10:30 on Thursday morning, and it took nearly 24 hours from that time to make port. Foul weather was experienced from the time weather was experienced from the time the vessel passed Sandy Hook.

THE DEATH RECORD

Judge Lister Expired Suddenly Sunday Mr. E. H. Davis, of Hampton, Va., Morning-Formerly a Prominent Politician and Leading Lawyer of Sarnia.

Toronto, Feb. 9 .- Mr. Justice Lister, of the court of appeal, died at his residence, 14 Walmer road, at 3 o'clock this morning, of heart failure, following upon indigestion. The judge was at Osgoode Hall from 11 to 5:30 on Saturday. After dinner he went to bed feeling rather unwell. At 11 o'clock he became so much worse that Dr. Temple was called in, and prescribed for the patient. He got worse, and after 2 o'clock Drs. Temple and Mc-Phedran were again hastily summon-The pressure of the ice coming down from Lake St. Clair has caused heavy windrows eight and pine feet thick in many places. The Promise, however, got through with but little trouble.

The field is heaviest on this side of the river. ed, but when they arrived, shortly before 3 o'clock, the judge was dead. The members of the family present were: Mrs. Lister, Miss Bessie, Miss Frances, and Mr. Blake Lister, R. C. R. I., Fredericton, N. B.; Mrs. Frank Waddell, of Hamilton, and Mrs. Dr. Harrison, of the Soo. The funeral Vancouver, B.C., Feb. 10.—Advices from Nanaimo, received on Saturday, state that the United States revenue cutter Graft has arrived at Union Bay, and reported that she had left the Egeria on the west coast, which information greatly religious these who feared that some will take place at Sarnia, probably on

Wednesday.

Judge Lister, who was in his 59th year, was the eldest son of Geo. Lister, and was born in Belleville, Ont., in 1843. His family moved to Sarnia while he was quite young, and Mr. Lister's education was obtained chiefly there and in the office of his uncle, the late Judge Davis, of Middlesex, with whom he studied law. He became an attorney in 1885, and was called to the bar ten years later. After being called to the bar he formed a partnership with Mr. James Garvey, of Sarnia, and later on with Mr. J. Cowan. He married Miss Eliza Alexander, daughter, of Mr. Andrew Alexander, of Sarnia For many years Mr. Lister was one of the leading crown prosecutors in West-ern Ontario. He was appointed to the court of appeal in June, 1898, and from that time forward disappeared from the political arena, where he had been so long known as "Fighting Jim" Lister. He was elected member from West Lambton to the commons in 1882, and held his seat without a break until his resignation to ascend the bench. In the house, Mr. Lister did not speak frequently, but his views on all questions affecting law-making were received with the utmost respect on both

his political opponents also. OTHER DEATHS. Poughkeepsie, N. Y., Feb. 10 .- Wm. B. Carpenter, a prominent retired mer-chant, died suddenly of heart failure at his home here. He was a director in several banks, and president of the local society for the prevention of cruelty to animals.

"It is my intention to henceforth pre-

Extreme Case of Nervousness

Female Weakness and Exhaustion-Had a Very Painful Operation-Was Pale and Weak and Fainted Often-Doctors Failed to Help Her.

There is scarcely a limit to the sufferings which women endure when their nervous systems become run down and give way beneath the burdens which they are forced to bear. There are ills peculiar to women, which in nine cases out of ten are the result of a low state of vitality and a depletion of nerve force. Dr. Chase's Nerve Food cures women of their ills, irregularities and weakness by thoroughly restoring the vigor of the

Every woman will read with interest the following letter from a lady who has been cured of a serious illness by

Dr. Chase's Nerve Food. She says the testimonials she reads are not half strong enough. Mrs. Benjamin Hatfield, Hillyard street, St. John, N. B., writes: "For three years I was a sufferer from extreme nervousness and female weak-ness, and found it necessary to undergo a very painful operation. I was pale and weak, had no appetite, and would sometimes faint two or three times a day. For seven weeks I was under the doctor's care, but he seemed unable to help me. Despairing of recovery I took the advice of a friend, who told me that Dr. Chase's Nerve Food would build me up and make me strong and well again. After four months' use of this preparation I found myself greatly improved, but continued the treatment for one year, using in all sixteen boxes. I have been blessed with a young daughter now, and believe that I am as strong and well as ever in my life. As a result I cannot say too much in favor of Dr. Chase's Nerve Food. It has performed a complete and thorough cure in my case, and I am healthier and fleshier than I have been for years. The testimonials I see are not half strong enough. I tell my friends and acquaintances about it, and many of them join me in pronouncing Dr. Chase's Nerve Food the most effective restorative obtainable. Desiring that other sufferers may benefit by my happy experience with Dr. Chase's Nerve Food I willingly give you permission to use this testimonial."
Dr. Chase's Nerve Food is an up-todate scientific preparation of most extraordinary merit. It has proven itself the most effective nerve restora-

tive of the age. It is certain to benefit everyone who uses it, because it

forms new red corpuscles in the blood

and creates new nerve force. It is

especially efficacious in the cures of female ills and weaknesses; 50 cents a box, six boxes for \$2 50. At all dealers, or Edmanson, Bates & Co.,

it has gone, and it is prized at the antipodes as well as at home. Dose small; effect sure. PICKING THE NOSE is a common

symptom of worms. Mothers who suspect their child is troubled with worms should administer Dr. Low's Worm Syrup. It is pleasant, safe and

He remains of his own free will, and goes by the name of Pardo.

Equity Fire Insurance Co.

The shareholders of the Equity Fire

Insurance Company have just cause for congratulation in the excellent statement presented by the directors in their fourth annual report, which will be found elsewhere in this issue. One feature which stands out prominently is the low loss ratio, ing out as it does at less than 37 per cent, a remarkable showing in the face of the fact that last year was above the average in fire losses. The premium income of the company for 1901 amounted to \$126,960, an increase over 1900 of \$50,142. When to this is added the sum of \$2,563 92 in interest, the total reaches \$129,523 92; while the expenses of the company, including fire losses, etc., amounted to \$100,976 65, leaving a balance of \$28,548 20. the balance from 1900 is added, the surplus earnings are brought up to \$36.843 39. This permitted the company to pay a dividend of 6 per cent last The low percentage of losses stands as a tribute to the company's careful method of underwriting. Considerable expense has been incurred in extending and organizing business outside the province, but the benefit of this will no doubt be reaped in largely increased profits this year. The company has a good working business board in Arch. Campbell. M.P., as president; Thos. Crawford, M.P.P., as vice-president, and William Greenwood Brown, an experienced underwriter, as general manager.

A GOOD MEDICINE requires little advertising. Dr. Thomas' Eclectric Oil gained the good name it now enjoys, not through elaborate advertising, but on its great merits as a remedy for bodily pains and ailments of the respiratory organs. It has carried its fame with it wherever

Tobe Davis, man about town, suffocated; John C. Lueders, father of Deputy City Marshal Lueders; George Thompson, switchman, terminal yards; Sarah Har-ris (colored), chambermaid; B. F. Woodley, employe Hamilton Brown Shoe Company; J. A. McMullen, carpenter; S. T. Corey, telegraph operator; Vance Marlin, civil engineer, Indianapolis; A. J. Allen, Sedalia, Mo., stonemason; unknown man, who died at city hospital

from burns. The fire started about 3:30 a.m., when but few persons were abroad, and gained considerable headway before it was discovered. When the engines finally reached the scene the whole front of the building was in flames, and the interior was a seething furnace. By that time all who escaped death had got out of the building by impring from the windows. building by jumping from the windows or climbing down ropes made of bed-clothes; a few escaped from the ground floor through the front door. Some of the escapes were very narrow. Some est the escapes were very narrow. Some saved their clothing, which they carried in their hands, but other lost everything, After some delay nearby houses were opened to the unfortunates, and they were given shelter from the biting cold weather. It was one of the coldest weather. It was one of the coldest nights of the winter.

After a short fight the firemen got the flames under control, and, assisted by the police, made a search of the ruins. Most of the bodies of the victims were found in their rooms, where they were suffocated or burned.

TORONTO CLEARING HOUSE. Toronto, Feb. 8 .- Clearing house returns continue to show an extraordinary increase. The total last week was \$15,132,403, or nearly \$5,000,000 more than the same week last year. In Montreal the total for the week was \$15,782,960, or a little over half a million dollars greater than the total at Toronto. The increase at Montreal last week was \$3,700,000 over the same week last year, against nearly \$5,000,-000 increase in Toronto. This is the first week in which the clearing house

figures in the cities have been so near-Thinner Than a Rail.

Thinner Than a Rail.

Spending every day as much energy as you make and if the balance goes a little further, well, you get thinner. Not wise to go that way longer. Better use Ferrozone, you will digest more—a little gain the first week, but the gain keeps growing. Not quite so thin! Keep right on, only don't use Ferrozone too long or you will get too fat. Then your blood will be rich, your heart strong, you won't puff so much, you won't get tired quickly. Fat, blood, strength, you have them all with Ferrozone. Sold by W. T. Strong & Co.
