'Run-Down" Condition

WESTERN FAIR PROFITS SHOWN

Financial Report For Year Shows \$21.806.28 Carried Forward.

ELECT NEW PRESIDENT

Six-Day or Longer Exhibition.

The 54th annual meeting of the Western Fair Association was held in the Tecumseh House with Lieut.-Col. W. M. Gartshore presiding for the last time.

The meeting was preceded by a luncheon, at which Col. Gartshore said that it had given him great with the Western Fair Association. but that although his responsibilities were just as heavy now as they were before, and perhaps a little heavier, he felt that he could hand over the direction of the exhibition into other hands and leave it in a good condition to succeed financially and otherwise.

The president then read the report for the year, which showed that the 1921 exhibition had been a decided success from every standpoint.

The total receipts for the year were: \$125,352,31, which included a balance from the year 1920 of \$28,-621.24 and the total disbursements to carry forward of \$21,806.28, without any liabilities.

George G. McCormick, chairman of the finance committee, in seconding the report, said that while most of the committees had stayed well within the estimates some of them had exceeded the amount stipulated, which in each case was excusable.

The Western Fair, said the chairman, was the only fair on the American continent that succeeded in retting along without outside help. managed fair, as a study of statistics would prove.

Directors Elected. The election of directors from the epresentatives of the 51 organizations represented on the fair board was the next item of business, when A. T. Little, E. S. Little, W. Mc-Neil, W. E. Robinson, George G. Mc-Cormick, J. H. Saunders, Pringle, Arthur R. Ford, A. E. Silverwood, F. E. Harley, Capt. T. E. Robson and R. A. Carrothers were elected directors. C. R. May, F. McFarland, John Bridge and J. H. Wilson were also nominated, but withdrew their names.

After the general meeting the new poard of directors held a meeting in the board rooms of the associa tion's office, and carried on the election of the officers for the coming

J. H. Saunders was elected unaninously as president, Mr. Saunders has served for a number of years as first vice-president, and said, in thanking the directors for the honor they had bestowed upon him, that he hoped that he would fill his osition to the satisfaction of the directors.

The new president also said that he thought that the honor of being president of the fair board should be passed around so that those who had served faithfully on the board of directors should have an opportunity of presiding before they left the board.

"I want to congratulate you, Doctor, on the great success I hear you are having with your throat cases. I myself have attacks of inflamed throat every winter, can't seem to get rid of them. Wish you would take a look at mine and tell me what to do.

"I guess, Doctor, I will have to introduce you to Formamintareal good throat antiseptic with which you will keep the soft tissues in an almost constant antiseptic bath, because you will find Formamint pleasant and convenient enough to use frequently. I find that the average patient will readily dissolve Formamint in his mouth every hour or so, and you know how hard it is to get them to use gargles or sprays consistently, even two or three times a day, especially children.

"Formamint tablets certainly relieve sore throats and are heading off a lot of tonsillitis for me, but I am even more interested in their prophylactic power, and so I am advising my patients to use them freely during the throat and influenza season to prevent infec-
