## BILLINGS RELIEVES IN 7TH AND STARTS 9TH DOINGS

Both Teams Jumpy, But Big Crowd Sees Good Game Despite Few Errors.

ST. THOMAS, Sept. 27.—Hard hitting took St. Thomas out of the well in the ninth inning and they beat Galt Terriers 5-0 here in the first O. B. A. final. Billings, who went into the box in the seventh, held the hits down and had the satisfaction of starting the fireworks in the last heat.

Both teams were a bit jumpy and errors were fairly frequent. With the first game of a tough series under their belt, the local team will tighten up, however, and feel sure that the series will be won in two games. A record crowd saw the game, with a large contingent from Galt present.

**First Inning.**  
W. Himes bunted to McPhee, but was saved by Campbell. Wilkinson bunted to McPhee, catching Himes at second. Kress hit to right. F. Graham fanned. Wilkinson and Kress advanced on passed ball. W. Himes fanned. Barclay popped to Kress. Venning grounded to N. Himes. Binns popped to N. Himes.

**Fourth Inning.**

**MRS. GAVIN MEETS ALEXA ONCE MORE**  
WHITE SULPHUR SPRINGS, W. Va., Sept. 27.—Golf, interesting throughout and at times sensational, was played on the Green River course today as aspirants for national golfing honors among the women battled to retain places in the narrowing field of contestants in the women's national tournament.

Close scores marked the contests in the second round of match play in nearly all instances. There were some surprises in the day's results. No dark-horses are left in the running to complete for entrance into the semifinals. Interest attached today to the playing of Glenna Collett, the Providence girl, whose long driving and steady iron and approach shots have featured the tournament. She disposed of her opponent, Miss E. Hardin, Baltusrol, five up and three to play.

Tomorrow Miss Alexa Stirling, Atlanta, meets Mrs. William A. Gavin, England.

Combined Bargain Sale and Fashion Show For Men At Leo Watson's.

Grouping of Color and Style Harmony in the New Fall Wear For Men.

"For the man who wants a good bargain, and for he who wants the very latest and best in style and dress harmony—the man who wants combined Fashion Show and Bargain Sale will be," said R. Leo Watson, who has arranged the windows of his store at 183 Dundas street, for a three-day event, starting on Friday morning.

"While one may select any day from the west window, the chief designer of Semi-Ready Clothes says that I can have only three days to close out the 85 left-over suits at \$15. Not one of these garments cost less than \$22.50 wholesale—some cost more—but I have put a force-out price on them, for I have no room for them, now that my new fall styles are arriving.

"I know that \$15 does seem a ridiculous price for high-class tailoring, and so also will the English Gabardine Raincoats in navy blue, which I am offering at \$12.50. In all I have 39 raincoats, any one of which will serve the double purpose of fall topcoat and raincoat.

"My Fashion Show is unique, with each suit, I couple up the right color combination in hats, in hosiery, in shirts and cravats and gloves.

"In one group I have a \$40 Semi-ready suit, with a Borsalino hat, a Currie cravat, a Forsyth shirt, a pair of English half-hose and English gloves. The whole outfit, an epitome of fall style, is worth about \$55.

"I think I will publish tomorrow an exact cost list of each group as it appears in the west window.

"One price, only \$15, is represented in the east window."—Adv.

## Have Confidence in your Roof though nearby Buildings burn.

If you have roofed your house with BIRD'S NEPONSET TWIN SHINGLES as used on the centre house in the illustration, you can have absolute confidence that your roof will never catch fire from flying sparks.

BIRD'S TWIN SHINGLES are made of heavy all-rag felt which is saturated in hot asphalt until it will absorb no more. The saturated felt is then given a coating of specially prepared asphalt, and is finally surfaced with natural crushed slate—either red or green.

When Sparks are thrown upon a BIRD'S TWIN SHINGLE ROOF they burn themselves out and CAN DO NO HARM.
