Toronto, Aug. 20 —There was a light run at the Western Cattle Market this morning, and the expected slump in prices did not come. The market was not par-ticularly active.

did not come. The market was not particularly active.

The receipts totalled 78 cars, consisting of 1,115 cattle, 2,081 sheep and lambs, 200 hogs and 164 calves.

There was a fairly good trade in butcher's cattle, and almost everything was bought up. Common stuff is not wanted, however, and brings but a low figure.

Nothing doing in export cattle. Ranch cattle, coming in from the States, show up better than the common class of export cattle. There is a moderate demand for good exporters of heavy weight.

The business in feeders and stockers is very light. No appreciable demand for them yet.

Milch cows of good quality are in demand and tring as high as \$50.

Sheep and lambs remained steady, and the price of hogs was unchanged.

Prices to day ranged about the same as syesterday.

What is a Backache?

IT IS NATURE'S WARNING TO WOMEN

Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pink-ham's Vegetable Compound.

"It seems as though my back would oreak." Women utter these words over and over again, but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing-down" pains, nervousness and no ambition for any task.

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the female organs or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound has been for many years the one and only effective remedy in such cases. It speedily cures female organs and kidney disorders and restores the female organs to a healthy condition.

Dear Mrs. Pinkham:—

organs to a healthy condition.

Dear Mrs. Pinkham:—

"I suffered a long time with female trouble, having intense pains in the back and abdomen and very sick headaches every month. I was tired and nervous all the time and life looked very dreary to me and I had no desire to live until I began to take Lydia E. Pinkham's Vegetable Compound and to get some relief. My recovery was slow but it was sure, and I never regretted the money spent for the Compound as it brought me back to good health.

"It seems to be a medicine especially adapted to the ills of our sex and I am glad to say a good word for it."—Mrs. Albert Mann, 154 Gore Vale Ave., Toronto, Ont.

An Inwood Wedding.

An Inwood Wedding.

The home of Mr. and Mrs. Thos. Cathers, of Inwood, was the scene of a pretty wedding on Wednesday, August 16, when their only daughter, Mary E., was united in the holy bonds of matrimony to Thomas Thompson, V. S., of Brigden. The ceremony was performed by the Rev. J. M. Wallace, pastor of the Inwood Presbyterian church, in the presence of a few relatives and friends of the contracting couple. Promptly at 3 o'clock the bride entered the parlor leaning on the arm of her father. The bridal party took their place beneath an arch of golden glow, while the wedding march was being played by Miss Celia Warren. The bride looked charming in a gown of cream silk voile, and Miss Mary Thompson niece of the groom, who attended her,

was attired in a gown of white organdie. The groom was supported by Wm. Cathers, brother of the bride, After congratulations the guests assembled in the dining-room, where a sumptuous wedding supper was served. The bride was the recipient of many beautiful and costly presents, showing the high esteem in which she is held by her many friends. The young couple left at 7.30 p.m., amid showers of rice and good wishes for London and other eastern points. On their return they will reside in Brigden.

REGISTER.

Da. Hodgetts, chairman of the pro-vincial board of health, is under the impression that people are neglecting to register births which occur in their homes and he purposes to start a crusade to compel physicians and parents to respect the law

According to the act on vital statistics, a birth must be registered within thirty days from the date of the child's birth. There is a penalty of \$10 and costs for failure to observe the law, but there are very few cases on record where the law was entored. was entorced.

was enforced.

Dr. Hodgetts believes that a far better showing will be made, if all births are registered, and he intends making an example of some of the offenders. The annual report for the province on vital statistics gives Essex County the proud distinction of leading all other counties in the matter of marriages, according to population. During the last fiscal year 1,595 marriages were registered. Of this number 93 were solemnized in Windsor. The births in the county numbered 1,602, while the deaths were 784. The ratio per 1,000 population was: Marriages, 27; births, 27.1; deaths, 13.2.

A tew days ago Mr. H. Osborne, Clerk of Zone, was called from the harvest field to do business at his house. Mr. Osborne did not return to the field till the next morning when to his surprise found that the binder twine in the binder was stolen. We have heard tell of people stealing sheep, bu
