**Catarrhal Bad Breath**

Corrected Quickly by the Use of **Catarrhozone**

Catarrh is an inflammation. Where there is inflammation there is always more or less offensive secretion. Inflammation may be of the very active sort, but it is often of the slow kind, and this is the particular form in which the breath is rendered offensive and the presence of the sufferer becomes an offence to every person of delicate sensibility.

Bad breath is in itself sufficient to urge you to correct it, because one dislikes to be unpleasant to his friends, but this form of catarrh is dangerous because it supplies a hotbed for the development of Consumption or of other diseases of the throat and lungs.

Bad breath is an evidence that the microbes have found a good resting place and are carrying on their evil inroads into the health of the body.

Catarrhozone acts at once and destroys these minute organisms, but it does more—it heals the inflamed surfaces in which they found a nesting place and consequently removes both cause and effects of their action.

If we only highly estimated the value of prevention and used Catarrhozone at the beginning of a cold or just before it becomes well seated, the deadly ravages of Consumption would be stayed and the terrible agonies of sufferers of Asthma or Bronchitis completely abolished.

There is no remedy as effective for bad breath, Catarrh, Bronchitis, Asthma, etc., as Catarrhozone. Besides being healing and soothing it is germ destroying. Nothing ever offered to the public can compare with it in its promptness, efficiency, and permanency of action, and you can buy it from any dealer in medicine throughout the Dominion of Canada, 50c, 50c, and \$1.00 sizes. By mail from The Catarrhozone Co., Buffalo, N.Y., and Kingston, Ont.

**SARNIA RACES—\$600 IN PURSES.**

At Bay View Park, May 24th, 1911.

During the past twenty years, Sarnia has held races on May 24th, but the prospects were never better than the present year. Many horsemen have already signified their intention of being on hand and everything is being put in perfect condition for a good day's sport.

There are four events on the program:

A named race for trotters. Purses \$100.00  
A 2.50 trot or pace..... 150.00  
A 2.20 trot or pace..... 150.00  
A free for all, trot or pace..... 200.00  
All races will be half mile heats, best three in five.

A good baseball match is being arranged for the afternoon, and the baseball fans will see one of the best games of the season.

The entries close May 18th and those addressed to E. F. Goodison will receive prompt attention.

A coronation service will be held in Christ Church, Forest, on June 22nd. Arrangements are being made for a specially interesting service with appropriate music. The members of the town council and the High and Public school boards have been invited to attend in a body.

**Shiloh's Cure**

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

THE new Ontario act provides that air-guns cannot be purchased by any person under eighteen years of age, and the purchaser in all cases must have a permit from the chief of police. This should do a great deal towards stopping the slaughter of Canadian song birds. The airgun is the weapon most commonly used by mischievous boys in this cruel pastime. The fact cannot be too widely circulated that any person who carries an airgun will either have to show that he has a permit or that the gun was purchased before the act came into force.

**Her Secret**

Why She Always Looked So Young

Everyone refers to her as one of the most attractive women in town. It wasn't her features, for while regular, they were not unusual. But the charm lay in the head of splendid, vigorous hair that made a veritable crown. It had that peculiar lustre and the sun gave it an added brilliance—you couldn't look at her without unconsciously commenting on the beauty of her hair.

When asked how she kept it so beautiful she replied that it was no secret, simply proper shampooing, regular combing and the conscientious use of Hirsutone. She admitted it had not always been in that condition, but that she found Hirsutone the best thing she ever got for the hair. It gave the scalp such a cool, refreshed feeling, and the hair was so much easier to dress after its use.

There are plenty of heads that would be just as attractive for Hirsutone soon brings the hair and scalp into good condition.

Your Nyal Drug Store will cheerfully guarantee Hirsutone to do all that is claimed for it, and every woman owes it to herself to try it.

**New York Harbor Pirates.**

From the Newark News.

More than one hundred miles of river fronts are patrolled day and night by New York's harbor police with the utmost vigilance. In past years, some of the most remote sections of the harbor were infested with river pirates, who preyed upon the enormous wealth of the harbor. The hundred ships passing night and day, with their priceless cargoes, afford unlimited opportunity for thieves. If the piracy carried on is less romantic and picturesque than in the past, the totals in the course of the year were, nevertheless, often very large. To guard the ships, a score of fast patrol boats now constantly patrol the harbor. A large force of harbor police watch the piers, working with the patrol boats. The course the boats follow and the hours at which they start change nightly. The police on the boats are given instructions secretly every night, so that it is impossible for the harbor pirates to calculate when these patrols will appear. The boats are, of course, armed, the larger ones carrying rapid fire guns, which, in emergency, could give a good account of themselves.

Better be a brawny talker than one who is long winded.

The world is full of queer people. Yes, you are one of them.

A magazine writer says that a girl shouldn't marry a man until she knows all about him. Does he wish to discourage matrimony?

Don't try to prove that you are a gentleman by knocking another man down.

A new process is said will revolutionize the whole salt industry and cheapen salt throughout the world. The inventor, who is nearing 70 years, worked on the invention for forty years. The kernel of the invention is the utilization of single fire-heat salt pans, being regulated by Hodgkin's patent stokes, and producing all varieties of salt and all sizes of crystals simultaneously. The inventor sold the Canadian rights last week to the Canadian Pacific railroad, which has found brine along its line.

**SCRATCHED FOR 40 YEARS**

Used D.D.D. Six Months—All Itching Gone.
