WHAT would our farmers think of farm stock sale terms: 11 months credit with 8 per cent. interest, or six per cent. off for cash? This would figure out at about 14 per cent., but these are Western Canada terms. Probably some of our old timers in this county may remember the day when money was worth as much here.

ONCE upon a time there was an Indian named Big Smoke, employed as a missionary to his fellow Smokes. A white man, encountering Big Smoke, asked him what he did for a living. "Umph!" said Big Smoke "me preach." "That so? What do you get for preaching?" "Me git ten dollars a year." "Well," said the white man, "that a very poor pay." "Umph!" said Big Smoke, "me very poor preacher."

THE Annual District Convention of the representatives of the various Tents and Hives of District No. 1, K.O.T.M., Province of Ontario, will be held in Watford on the 13th, 14th and 15th, 1912. The program is intended to be of special interest to advanced beekeepers, but beginners will also receive benefit by joining in the discussions. The social reunion of men and women with a common business interest is also an important feature. Ladies are especially welcome at all the sessions.

A STORY is told of a married lady who compared her husband to a handsome piano lamp that he had presented to her. Her husband felt quite flattered until she mentioned the particulars of the resemblance. "Well," she said, "you know, my dear, it has a good deal of brass about it, it is handsome to look at, it is not remarkably brilliant, requires a good deal of attention, liable to explode when half full, flares up occasionally, is always out at bed time and is bound to smoke."

AFTER over half a century of active business life, Miss Williams has decided to retire on business and will hold a clearing sale to dispose of her stock. Her business is the only one in town that has been under the same management for so long a period, in fact it is about 55 years since she first commenced to serve the public. Her many friends and customers will miss her from her accustomed place among the millinery creations and wish her many quiet years after her busy business career.

SUPERINTENDENT H. E. Whittenberger and Train Master W. R. Davidson of the Grand Trunk Railway were here on Tuesday looking into the matter of providing more siding for loading purposes. A deputation of businessmen met them and discussed the needs of the town in that respect. The officials conceded the need of more accommodation for shippers and although they promised nothing definite, it is likely that an extra switch will be placed in the yards in the near future.

REV. D. S. HAMILTON, of Winnipeg, sent a cheque for \$200 to the First Congregational Church, London, which amount will liquidate the last of the \$12,000 debt that was on that church.

EVERYBODY should take advantage of the opportunity of hearing John B. Ratto at the Presbyterian Concert in the Lyceum Saturday eve., Nov. 9th. Plan of hall at McLaren's Drug Store.

A JOINT MEETING of the congregations of the Presbyterian churches of Watford and Knox church, Warwick, was held in the school room of the church here on Wednesday afternoon to consider the matter of calling a pastor. Rev. W. M. Kannawin, of Sarnia, moderator of the Sarnia Presbytery, presided. After due deliberation it was decided to call Rev. J. C. Forster, of Blackstock, to the pastorate of the two churches and the call will be placed before the Barrie and Sarnia Presbyteries in due form.

THANKSGIVING DAY was one of the finest days of the season and everyone seemed to thoroughly enjoy the holiday. Many went away by rail to spend the day in London, Sarnia and other points, while those who remained at home either basked in the glorious sunshine or did odd jobs necessary before the advent of winter. A general rake-up of dead leaves was made and the burning of them cast a haze over the town for a long time. The sun was not large.

SATURDAY EVE., Nov. 9th, is the date of the second of the Presbyterian Concert series, when John B. Ratto will make his second appearance before a Watford audience. He is an impersonator of remarkable ability and those who heard him before are anxious to hear him again. Some of his selections were so well received on his first appearance that scores of requests have been made to have these numbers repeated. Get your seats now as the good ones are going. Plan of hall at McLaren's drug store.

COLONEL KENWARD supplied some of his friends with wild duck for their Thanksgiving dinner. Realizing that the price of turkey was too high for ordinary mortals to indulge in the luxury the Colonel shouldered his trust about four o'clock and hid him to the shore, where his unerring aim brought down about three dozen of the juicy birds, which he distributed among some of his friends. We can testify that the birds tasted better than any barn-yard fowl of our part of the country, and recipients while eating them returned thanks that the Colonel is such a good shot.

SUDDEN DEATH OF MRS. WILLIAM BRISON.

Residents of Watford were shocked on hearing of the very sudden death of an old and much respected resident of the village in the person of Mrs. William Brison, who passed peacefully away early Friday morning at the family residence on Erie street. Mrs. Brison got up about four o'clock and hid him to the shore, where his unerring aim brought down about three dozen of the juicy birds, which he distributed among some of his friends. We can testify that the birds tasted better than any barn-yard fowl of our part of the country, and recipients while eating them returned thanks that the Colonel is such a good shot.

There was an exciting half hour at Ben Dann's, 15 sideroad, on Tuesday morning. The family dog had tresped two good sized coons during the night, and just as the family were ready to sit down to breakfast the youngest boy discovered the visitors in two large maple trees in front of the house. No one wanted any breakfast until both of those coons were killed. One of them came down gracefully but the other one refused to "come down" in spite of the fact that Bertie was ready to shoot. He climbed as high as he could and refused to be shook down, until he had been shot in the head twice. They were fine large coons and very fat, about three parts grown.
