

Your Cattle

need careful attention in order to bring you good returns. The roots they eat should be well sliced and pulped. The

THE MASSEY- HARRIS Roller and Ball- Bearing PULPERS

are the best machines made for this purpose; they go so easily and will do the work so speedily!

TREAD POWER

We are willing to guarantee that our Tread Power will develop more power with the same elevation than any other tread power on the market. Examine the cuts in our catalogue, or, better still, go and see the Tread Power at the Farmers' Institutes Farm; notice particularly the centre track and the centre rollers. Each horse has a bearing on each side of him in contrast with other machines without this; the want of them causing the bridge to bend, bending the rods, causing friction, thus taking away power and shortening the life of the machine.

Get a long-lived machine when you buy and send for our catalogue.
