Scientific and Useful.

To keep cake from sticking to the pan without using paper, after greasing the pan, sift a little flour in, then turn it over and shake out all that you can.

FROZEN PEACHES.—Peel and slice perfectly ripe peaches, put them into an ice cream freezer with sugar enough to sweeten them pleasantly, and freeze like ice cream. When frozen they can be packed in an ice cream mould and frozen the second time until solid.

BREAD AND JAM.—Cut bread into slices about one third of an inch thick, remove the crust, and cut the centre into stripes, perhaps two by four inches, or as the slice best cuts, butter lightly on both sides. Spread on both sides with raspberry jam, and serve with sweet cream very cold and slightly sweetened.

CARSLEY & CO., 216 Yonge Street, have just opened up several cases of boys' and girls' Scotch Shetland lamb's wool undershirts, drawers and combination suits.

SALMON SALAD.—To a can of salmon take eight or ten stalks of celery; cut the celery into small pieces and mix with the salmon, which should also be picked into small bits; sprinkle over a little salt and a very little pepper, and pour on some good vinegar. A small onion may be added if desired.

FRICASSE OF EGGS.—Take some hard-boiled eggs, cut them into quarters, yolks and whites. Heat some gravy seasoned with shred lemon-peel, parsley, thyme and grated nutmeg. Put in the eggs, together with a piece of butter rolled in flour, shake it gently over the fire until properly thickened; garnish with yolks of hard-boiled eggs, chopped small.

NUN'S BUTTER.—One-fourth cup of butter, one cup of powdered sugar, one teaspoonful of vanilla, whites of two eggs. Beat the butter to a cream, add gradually the sugar and beat until very light and frothy, then add gradually the flavouring and beat again. Heap it on a small dish, sprinkle lightly with granulated nutmeg, and stand away on the ice to harden.

CAMBELL'S CATHARTIC COMPOUND is pleasant to the taste, and more satisfactory than Pills.

PIGS' FEET.—Wrap each foot in a cotton bandage, wound about it two or three times, and cord it with twine. When all the feet are ready plunge them into boiling water, and boil them four hours. Let them remain in the bandages until they are needed to fry, boil or pickle. The skin will hold together while cooking, and when eaten they will be as tender and delicate as possible.

SAUCE FOR DUMPLINGS.—Rub a half-tablespoonful of flour with two ounces of butter. Have a pint of water boiling on the stove. Put it into one and a half cups of sugar, also the butter and flour rubbed together. Let it cook about ten minutes. Just before it goes to the table stir into it the juice of a lemon. After making the sauce it may stand without the lemon juice, until ready to use. If the dish in which it is made be covered and stood in a pan of hot water at the back of the stove.

CHICKEN CONSOMME.—Clean, draw and truss a pair of old fowls, and roast them in a hot oven until they are browned or about half cooked; then put them into a soup-pot, and cover them with cold water. Season with salt, pepper, a blade or two of mace, a bunch or two of sweet herbs, a sprig or two of parsley and a bay-leaf. Set the pot on the fire, and boil slowly until the fowls are well done and the broth is reduced one-third. Then take out the fowls, and strain the broth through a fine sieve, and serve it with croûtons of toasted bread. The fowls may be served as a second course with oyster sauce.

PERRY DAVIS' PAIN-KILLER.—Its effects are almost instantaneous, affording relief from the most intense pain.

CREAM PEACH PIE.—Line a pie-plate with good pastry, and fill with halved peaches, pared and stoned. Sprinkle thickly with sugar, and lay over all an upper crust, buttering the edge where it will touch the lower layer of pastry. Bake quickly. While it is still hot lift the crust, and pour a cream into it made of a cup of milk, the whipped whites of two eggs, a tablespoonful of sugar and a small teaspoonful of corn starch. This should have been cooked three minutes, the milk being heated first in a double boiler, and the other ingredients added to this. The mixture should be perfectly cold before it is poured into the pie.

Horsford's Acid Phosphate. Charming Effect. Dr. J. R. SWARTZ, Harrisburg, Pa., says: "I used it in a case of dyspepsia, with charming effect, and am much pleased with it."
