

CEYLON TEA COMPANY

WHAT
"THE TIMES" OF CEYLON

Says of this Company, May 4th, 1880.
"We are asked by a Correspondent, 'Which company, for the sale of Ceylon Tea at home, does the largest business?' and we really do not think that anybody can answer this question. It is all probability, the Ceylon Tea Growers, Limited (Khangani Brand), sell more Tea than any other company, seeing that they have no less than one thousand Agents in Great Britain alone, and, in the course of twelve months, must sell a very large quantity of Tea."

This is indisputable evidence that this Company is a GENUINE CEYLON TEA COMPANY.

I CURE FITS!
When I say I cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a Free Bottle of my infallible remedy. Cleanest, Healthiest and most Economical Furnaces ever introduced. We have hundreds of Testimonials. Note the following:—

SMITHS FALLS 3rd June, 1890.
We are highly pleased with the No. 36 Superior Furnace which you placed in our St. Andrews Church last season, and which heated our Church and Sunday School Room adjoining, containing in all 70,000 cubic feet, to our entire satisfaction. All other furnace manufacturers claimed that two furnaces would be necessary. Your furnace is easily managed, free from dust and gas. The system of ventilation in connection with the heating has proved highly satisfactory. We have effected a great saving of fuel and labour, and are well pleased in every way.
CHAS. H. COOKE, Pastor St. Andrews Church.

WOODSTOCK, 6th May, 1889.
Messrs. Burrow, Stewart & Milne.
GENTLEMEN—We take much pleasure in expressing our entire satisfaction with your Superior Jewel Furnace, having used it during the past winter in heating Chalmers Church in this town. Our Church contains 60,200 cubic feet, with eight large windows and four entrances at each end of the room. All parts of this large room have been most comfortably heated with a very moderate amount of coal. Respectfully yours,
W. H. WALLACE,
