Ontario Crops.

Ottawa, July 13.—The director of the experimental farms has returned from a journey to the Maritime Provinces and Quebec. He has also gone over a large part of Western Ontario. The following is taken from his notes on the crops:

Fall wheat in Western Ontario is ripening very irregularly. In many fields there are large patches nearly ripe, enough to cut, while other parts of the same field are quite green. A portion of the area in fall wheat is patchy, and uneven from winter killing, and it is not likely, from present appearances, that this important crop will average more than fifteen bushels to the acre. The Hessian fly is proving troublesome in some parts

of the country. Spring wheat in Ontario looks healthy, and is heading nicely and promises a fair return, but owing to dry weather early in the season, the straw is unusually short.

Rules of the Road.

Following are the rules of the road laid down by the Manitoba legislature in an amendment to the municipal act passed at the late session:

21. Sections 628 and 629 of said Chapter 100, as reenacted by section 32 of Chapter 31 of the Statutes passed in the sixty-first year of Her Majesty's reign, are hereby repealed and the following sections substituted therefor:

628 (1) In case of a person travelling or being upon a highway in charge of a vehicle drawn by one or more horses, or one or more other animals, meets another vehicle drawn as aforesaid, he shall turn out to the right from the centre of the road, allowing to the vehicle so met one half of the road.

(2) In case a person travelling or being upon a highway in charge of a vehicle as aforesaid, meets a person travelling upon a bicycle or tricycle, he shall, where practicable, turn to the right from the centre of the road to allow the person travelling upon the bicycle or tricycle sufficient room on the travelled portion of the highway to pass.

629 (1) In case a person travelling or being upon a highway in charge of a vehicle as aforesaid, or on horseback, is overtaken by any vehicle or horseman travelling at greater speed, the person so overtaken shall quietly turn out to the right, and allow the said vehicle or horseman to pass.

(2) Any person so overtaking another vehicle or horseman shall turn out to the left so far as may be necessary to avoid a collision with the vehicle or horseman so overtaken, and the person so overtaken shall not be required to leave more than one half of the road free.

(3) In case a person travelling or being upon a street or highway upon a bicycle or tricycle is overtaken by any vehicle as aforesaid, or horseman travelling at a greater speed, the person so overtaken shall quietly turn out to the right and allow the said vehicle or horseman to pass, and the person so overtaking the bicycle or tricycle shall turn out to the left so far as may be necessary to avoid a collision.

(4) In case a person travelling upon a highway on a bicycle or a tricycle overtakes any vehicle as aforesaid or horseman travelling at a less speed, or a person travelling on foot, the person travelling on the bicycle or the tricycle shall give the other person audible warning of his approach before attempting to pass, and shall pass to the left of such vehicle or horseman, who shall if practicable turn to the right to allow such bicycle or tricycle sufficient room to pass on the travelled roadway.

(5) In case two persons travelling upon bicycles or tricycles meet each shall turn to the right.

(6) In case a person travelling on a bicycle overtakes another travelling upon a bicycle the one overtaken shall keep or turn to the right of the travelled way to allow the other to pass on the left.

(7) Persons travelling upon bicycles shall keep to their right of the middle line of the travelled roadway.

(8) Persons travelling upon bicycles, and turning at street intersections from one street to another shall if turning to the right keep close to the corner of the street intersection; if turning to the left they shall first cross the intersecting street and then turn so as to keep to the right of the roadway.
