Typewriter Supplies
and the **Local Stationer**

Banks
Lawyers
and
Large
Offices

ARE free buyers of Typewriter Supplies. Ordinarily, a typewriter agency representative sells them. It is a profitable business.

So far as we are concerned, we would rather have a local dealer sell for us than send out a traveller. We give the local stationer a good discount, enabling him to sell at our prices profitably.

We invite correspondence from retailer stationers, and trust that this disposition on our part to work THROUGH rather than AGAINST the retailer will commend us to his notice
