NOTICE TO MARINERS.

G. Farenholt, commander U. S. N., inspector of the thirteents lighthouse district, gives official notice to mariners that the whistling buoy painted red and lettered "Umatilla Reef" in white has been replaced on its former compass bearings, off Umatilla Reef (Flattery rocks) sea coast of Washington.

The following sailing vessels are on their way up to load coal at Nanaimo: Ship Eclipse, ship Oriental, bark General Fairchild, bark Coryphene and the iron ship Hawaiian Isles, for the N. V. Coal Co. Ship Glory of the seas, bark Richard III. and bark McNeil, for Wellington mines.

It is announced that the Dominion Government recently received a dispatch from the Imperial Government having reference to the proposed prosecution by the Imperial Government of the masters of British Columbia sealing vessels who violated the provisions of the *modus vivendi* this year. There will be no prosecution in cases where the master of the vessel was not aware that the *modus* had been renewed. In the absence of evidence to the contrary, it will be assumed that the publicity given to the fact, last spring, that negotiations for its renewal were progressing constituted a sufficient intimation to vessel owners.
