GRIP

"WASHED AWAY AT ST. LEON."

Had Sciatica and Rheumatism very bad for over a year; pains day and night; could not rest or sleep; often confined to bed. Tried everything I could find, but got no relief. Went to St. Leon Springs and got the disease **Washed Clean Away.** That was two years ago, and have never had a twitch of the trouble since.
A. C. WALKER,

THEODORE L. DE VINNE.

THEODORE LOW DE VINNE, of New York, the first president of the United Typothetae, was born in 1828 in Stamford, Conn. He is one of the most prominent employing printers in America and a recognized authority on trade matters, having written several valuable works dealing with typographical matters, the most notable of which, the "Invention of Printing," which appeared in 1878, is an exhaustive summary of the historical evidences concerning the rise of the art. The firm of Theodore L. De Vinne & Co., of which he is the head, are the printers of the *Century* magazine, and have done much to perfect the process of printing fine engravings. Mr. De Vinne was chosen secretary of the New York Typothetae on the organization of that body, and the society is largely indebted to his efficient services for the position it now occupies. In 1887, when the United Typothetae was organized in Chicago, he was chosen to fill the president's chair.
