

JOHN LABATT,

LONDON, ONT.

Received the highest awards for purity and excellence at Philadelphia, 1876; Canada, 1876; Austria, 1877; and Paris, 1878. Rev. P. J. Ed. Page, Professor of Chemistry, Laval University, Que., says: "I have analyzed the India Pale Ale manufactured by John Labatt, London, Ont., and have found it a light ale containing but little alcohol, of a very agreeable taste and superior quality, and compares with the best imported ales. I have also analyzed the Porter XXX stout of the same Brewery, which is of an excellent quality; its flavor is very agreeable. It is a tonic more energetic than the above Ale, for it is a little richer in alcohol, and can be compared advantageously with any imported article. **James Good & Co., Agents, Toronto.**

Drink Drink! Drink! St. Leon.

As a preventive of Typhoid Fever drink St. Leon Mineral Water. We have for this fair city of ours one of the worst water supplies, as far as the quality of the water goes, in the Province. According to the press, it is down below second quality. Why drink this horrid stuff when you can get St. Leon Water for 30c. per gallon, or 25c. per gallon if you take four gallons, and we will send it to your house for that. Mr. M. A. Thomas is now down at the hotel at the Springs, and has everything ready, and expects to do a rushing business this summer.
