Municipal Bond Market

The *Monetary Times*' weekly register of municipal financing reflects unusual activity among civic officials to cope with war and other special expenditures. Page 8

Life Insurance for Women

The occasion of life insurance for women is great and urgent, but is largely unsatisfied. Some views on the subject presented by Mr. H. C. Cox. Page 18

How Nations are Financing

A glance at the financial transactions of Great Britain, France, and Germany, to meet war and special expenditures. Neutral countries pass new measures also. Page 5

Canadian Pacific Financing

Canadian Pacific Railway sells over \$12,000,000 Equipment Trust Notes in the United States. Statement of Sir Thomas Shaughnessy to *The Monetary Times*. Page 22

Ontario's Workmen's Compensation

One of the first acts of the workmen's compensation commissioners of Ontario was to read a number of the industries out of the act. What does it mean? Page 10

Electric Railways and Farmers

Some considerations of the proposed electric railway scheme in Ontario. The relation of transportation to municipal debts. By A. T. DRUMMOND, LL.D. Page 20

Life Companies Not "Hard Up"

How a government official got off a joke at the expense of a reporter and sent abroad a story of the "hard up" life insurance companies. Where the joke ends. Page 9

What is the National Position?

Mr. H. V. Meredith and Sir Frederick Williams-Taylor analyze the national position and indicate facts which should be firmly impressed upon the mind of every citizen. Page 9
