

claims of the public sector on the economy, the budget deficit and the burden of taxation.

- The Government of Japan considers it essential to persevere with its policy of budgetary discipline and strengthening market functions, particularly with a view to fostering investment. It intends to achieve further progress in deregulating financial markets, promoting the international role of the Yen, facilitating access to markets and encouraging growth in imports.
- The Italian Government gives priority to the further reduction of inflation and of the public deficit, while sustaining growth and investment. Particular emphasis will be put on incentives to create small and medium-sized industries, especially in the field of high technology, and to promote employment, especially for young people.
- The Government of Canada will focus on promoting investment and creating jobs in the private sector, on removing obstacles to sustained non-inflationary growth, on reducing the budget deficit and on restraining government expenditure. It will encourage entrepreneurial activities, with emphasis on the small and medium-sized business sectors.
- The Commission of the European Communities attaches high priority to completing a genuine internal market without barriers, which will eliminate rigidities and generate fresh economic growth on a Community-wide scale. A strengthened European Monetary System and closer economic convergence will further serve this end.

By pursuing these policies we will not only address our domestic problems, but at the same time contribute to an enduring growth of the world economy and a more balanced expansion of international trade.
