- Imports monitors, printers, various assembled parts and modules, film processing units and cathode ray tubes from Japan, South Korea, Sweden, France and West Germany.
- Price and availability are significant factors in the decision to import.
- Has found Canadian products to be satisfactory.
- Prefers to be contacted by the Canadian firm via brochures, a distributor, personal contact by the company and/or a visit by a representative to the Canadian company and its facilities.
- Actively seeking sources of supply for machine sheet metal assemblies and cathode ray tubes.
