

Table of Contents

	Page
1 Introduction	9
2 Imports	10
3 Tariffs and Prices	11
4 Demand and Products Governing Demand	11
5 Status of Rare Earth Products	12
6 The Future of the Industry	15
7 Company Profiles	16
8 Company Addresses	20
9 Trade Associations	21
10 Canadian Contacts for Exporters to Japan	22

Appendix: Tables and Figures

Tables

1. Rare Earth Imports by Product	26
2. Rare Earth Imports by Country	27
3. Unrefined Rare Earth Chloride Imports by Country	28
4. Rare Earth Intermediate Chloride Imports by Country	29
5. Yttrium Oxide Imports by Country	30
6. Cerium Oxide Imports by Country	31
7. Lanthanum Oxide Imports by Country	31
8. Samarium Oxide Imports by Country	32
9. Neodymium Oxide, Fluoride and Carbonate Imports by Country	32
10. Europium Oxide Imports by Country	33
11. Gadolinium Oxide Imports by Country	33
12. Terbium Oxide and Fluoride Imports by Country	34
13. Cerium Fluoride Imports by Country	34
14. Cerium Hydroxide, Carbonate and Fluoride Imports by Country	35
15. Rare Earth Metal Imports by Country	36
16. Ferro-Cerium and Lighter Flint Imports by Country	37
17. Praseodymium Oxide Imports by Country	38
18. Scandium Oxide Imports by Country	38
19. Erbium Oxide Imports by Country	38
20. Yttrium Carbonate Imports by Country	39
21. Lanthanum Carbonate, Fluoride and Other Imports by Country	39
22. Customs Tariff - 1989	40
23. Rare Earth Prices - 1989	41
24. Purity Level of RE Metals Handled by Domestic Suppliers	42
25. Purity Level of RE Oxides Handled by Domestic Suppliers	43
26. Rare Earth Demand	44
27. Volume of RE-Application Products	45
28. RE Principal Growth by Application - 1988	46
