

December 1st, 1923.

Y. Kozai, Esq.,
President, Tokyo Imperial University,
Tokyo, Japan.

Dear President Kozai:-

With reference to your letter of November 7th addressed to the Chancellor of McGill University asking for a gift of books and periodicals for your Library destroyed in the great earthquake, I need scarcely say how much we regret the occasion for such an appeal.

The matter has been referred to the Librarian of the University and, I understand, he is sending forward a box of books to meet your need as far as possible. You will be advised by him of the date and steamship.

With all good wishes for the speedy recovery of your loss in the great disaster and assuring you of the sincere sympathy of McGill University, I am,

Yours faithfully,

Principal.
