

INDEX.

CANADIAN ATLANTIC STEAMSHIP SERVICE.	
Emigration to the United States stimulated by speed accommodation.	3-4
The increase of speed in ocean travel since the introduction of steam, and its effect on emigration to Canada.	4-5
SPEED AND SUBSIDIES.	
Canada has been behind in subsidy arrangement.	9-10
ROUTES AND SPEED.	
The best ocean routes.—Austin Corbin's opinion	12
AMERICAN ROUTES.	
New York fast line tracks—Summer and Winter lane routes	13
Cunard steamers have an unparalleled record for safety.— The contrast between the speed of Canadian and United States ships, and its causes.	13-19
North Sydney or Louisburg as ports of call will insure highest speed and greatest safety. It gives the shortest sea passage, quickest delivery of mails.—In speed and safety it is superior to the New York route.—Established lanes could be used.—Railway connection with all North America.—Gain in time over New York in travel and delivery of mails.—Time of these routes compared. .	20-26
PACIFIC COMMERCE AND ECONOMIC TRANSIT.	
The changes pending in China of importance to Canada.— Cheap transportation.—Canada is behind.—Seward's prophecy.—Chamberlain's Birmingham speech.—Delay is dangerous	27-32
Canadian Boards of Trade on the Atlantic Mail Service...	33-35
IMPROVED TRANSPORTATION.	
Methods of Great Britain, Russia, France, Germany, Japan and the United States	35-38
Atlantic competition, Canadian Subsidy to useless boats....	38-39
Lord Jersey on needed route for Imperial aid.....	39
Sir Wm. Van Horne on the Fast Atlantic Service.....	40-41
British subsidies that might be averted to Canada.....	42-43
Sir Sandford Fleming on Canadian Fast Service and North Sydney route	43
SAFE FAST LINE TRACKS.	
London Conference considers free ice lanes necessary.....	46
To compete with New York and for record-making, German port of call system must be adopted in Canada.....	47
TABLE OF STEAMSHIP LINES AND SUBSIDIES.	
The subsidy system of Maritime Nations	49
Atlantic, Pacific and European-Asiatic distances	50
