OPPOSE REMOVAL OF BAN ON CATTLE

Both Central and Associated
Chambers of Agriculture
Alarmed at Proposal.

C. A. P. Correspondence.—London, March 11.—Canadian cattle importation was discussed at a recent meeting of the Central and Associated Chambers of Agriculture. Lord Strathairn said he viewed with alarm the suggestion made by Walter Long and Mr. Prothero that there was a possibility of the removal of existing restrictions on the importation of live cattle from Canada. It was contended that there was no foot-and-mouth disease in Canada such as to render the importation dangerous, but the disease existed in the United States and Argentina, and it was highly desirable to minimize the risk of introducing the scourge to this country by indirect means. What they wanted was an assurance that legislation or a departmental order would not be brought forward which would be fatal to the flocks and herds of the country.

At Scarborough, Ont., the son of the vicar of Thornley, Durham, came from Canada to enlist. He has won the Military Cross, which distinguishes his brother, Noel, in the Tank Corps, has also achieved. Another brother, John, was killed in Africa, and a fourth, Henry, went down in the Lusitania.

The first is the announcement that the government has decided to proceed with the recruiting of 50,000 coal miners; the second is the agreement reached with the machinists, which it is hoped will bring about amicable cooperation in recruiting additional men for the army from their ranks; and the third is the averting of the threatened strike of 70,000 tramway and bus employees by an increase of \$5 in the weekly wage over the figure that was paid before the war.

HOMESTEADERS' PRIVILEGES

May be Allowed Time so
Engaged.

Ottawa, March 11.—As a result of the scarcity of farm laborers, certain privileges granted last year to homesteaders have been renewed. ITALIAN AIRCRAFT RAID ENEMY AVIATION AREAS

Total of Seven Tons of Explosives Dropped
by Allies—Activity Along
Front.

Rome, March 11.—The text of the Italian statement reads: "From St. Eloy to Lake Garda there were intermittent artillery actions. Enemy groups were dispersed in the Valley of Argosiana, east of the Adamello, and in the region of Tonale. From Lake Garda to the Piave the harassing fire was more frequent on the Asiago plateau and on the left side of the Brenta. South of Asiago hostile parties were put to flight. On the Piave there was noticeable reciprocal artillery activity. On the river bank, opposite Zenson, our machine guns fired upon hostile parties. Our batteries, officious and dispersed, and dispersed and sank rafts and boats opposite Fagura. On Sunday our airplanes bombed enemy aviation grounds. Other camps were bombed at night by five airplanes. A total of seven tons of bombs were dropped. All of our aircraft returned unscathed, notwithstanding the violent enemy fire. On the left side of the Piave the British aviators brought down two hostile machines."

FRENCH INTEREST IN RUSSIA.

Paris, March 11.—The present situation in Russia is of extraordinary interest to France not only because of the vital importance to that country in relation to the present war, but also because of the enormous amount of French money loaned to Russia for many years past. The French Government has already authorized the payment of interest to French holders of Russian bonds up to June to the amount of \$1,435,000,000 owing to the fact that the Bolshevik government has repudiated the national debts.

AMERICANS IN RAIDS.

With the American Army in France, March 11.—American troops, co-operating with the French, have carried out three raids opposite the American sector in Lorraine. Two of the raids were executed simultaneously last night. The Americans penetrated to the enemy's second line, 600 yards back. The Germans fled. 45 Americans remained for 45 minutes.

Trotzky Owes Dismissal To Wanting to Fight On

London, March 11.—Leon Trotzky was dismissed as Bolshevik foreign minister by Premier Lenin owing to a quarrel over the German peace terms, according to a Petrograd despatch. Trotzky held that the peace had been extorted by force and that no law recognized promises made under duress as obligatory. Therefore it was Russia's duty to fight, if only guerrilla warfare, and the German treaty should not be ratified.

Premier Lenin, on the other hand, held that the treaty must be ratified, and carried out on the theory that disastrous treaties do not necessarily annihilate nations, as Prussia had proved several times.

BLACKMAILER SENTENCED.

New York, March 11.—George Irwin, leader of a band of blackmailers, was sentenced to a term of two years in the Atlanta penitentiary today when he pleaded guilty in the federal court to an indictment returned two years ago charging him with conspiring to swindle Mrs. Regina A. Klipper of Philadelphia by representing himself as an agent of the department of justice engaged in enforcing the Mann Act.

British Airmen Victorious.

No Fewer Than 18 Planes Brought Down in One Day.
By W. A. Willison.
Canadian Army Headquarters, March 10.—The history of doing at the front recently has been one of slowly increasing activity. With the advent of fine spring weather there has been constant fighting in the air, in which the British machines have gained an acknowledged superiority. No fewer than eighteen enemy planes have been brought down in one day. As the enemy is inferior in the air, so the winter record of trench raiding finds the balance strongly in favor of Canada, and our guns dominate the enemy.
