

THE BISHOP OF OREGON PREACHES AT ST. JAMES'

Dr. Scadding Tells of the Work That is Before the Church in United States.

"America is bound to England with even stronger ties than those of trade and commerce," asserted His Lordship, Dr. Scadding, Bishop of Oregon, preaching at St. James' Cathedral yesterday morning. "The western republic owes much to the mother nation. The great English charter was the foundation of American liberty; the house of commons proved the model for the house of representatives, and it was English blood that gave the Anglo-Saxon peoples a sense of conscience and the freedom of the press. The hands of the American republic are open to the whole British empire, and as a great union these shall yet conquer the world, not by force of arms, but by the spirit and life of their civilization."

Dr. Scadding referred to the fact that his early religious life had been spent in connection with St. James', and that it was from this sanctuary he had gone forth in order to do his work in New York. Continuing the reminiscence, his lordship referred to his many varied experiences in different American churches until his consecration as Bishop of Oregon.

Taking the scripture, "they rehearsed all that God had done with them," as his text, the preacher thought that, in view of the fact that the present year is the centenary of the establishment of the Protestant Episcopal Church in America at the time of the foundation of Jamestown, a review of church history during that period would be an opportune subject for consideration.

Referring to the struggles of the church during the three centuries, Dr. Scadding thought that had the English ecclesiastical authority meted out better treatment to the young colonial church, some of the causes which led on to the revolution might have been removed, even if it might not have been a powerful influence in averting it entirely. With the change in the attitude of the authorities at the close of the war of independence, promises were made to the church and had remained with her to the present.

The great work of the Protestant Episcopal Church in the American States was mainly domestic missions, and in this she had to face many problems. Mormonism, secularism, divorce, lynching, and the like, and Indian questions are all acute problems that are claiming the attention of the whole world, and the church is keenly alive to them. Living questions," said Dr. Scadding. "The spirit of the times has changed greatly since when, on Ascension Day, the angel asked the disciples why they stood so long gazing up into heaven. To-day the tendency is all the other way, and men give their whole attention to material things. Spiritual things are entirely hidden from their eyes, and it is the mission of the church to draw aside the curtain that the revelation may come to humanity."

THE CANADIAN NEWSPAPER DIRECTORY FOR 1907.

We have just received from the publishers, A. McKim, Limited, of Montreal and Toronto, the new and revised edition of the Canadian Newspaper Directory.

This is the fourth edition of this valuable work, which is a real need in Canada, and deserves a place on the desk of every business man. It is the only newspaper directory published in Canada that has gone beyond a first edition, and it has now become the standard work of reference for all information about newspapers.

It not only lists and describes fully every periodical in the country, giving full particulars as to its contents, as well as a comprehensive gazetteer of the Dominion.

Comparing this edition with former ones, we are very much interested in the number of papers which have supplied detailed statements of circulation supported by affidavits and thereby received the star of approval. This should be, and helps to put newspaper advertising on a more businesslike basis. The rapid growth of the new western provinces is very apparent for they are credited with fully twice as many papers as in 1905.

The New York Advertising Agency, publisher of this work, has been introduced into a limited company, capitalizing at \$200,000, to be known as A. McKim, Limited, with headquarters in Montreal, a branch office in Toronto, and representatives in New York and London. This change has been made to facilitate the increasing business.

Ever since this business was founded by A. McKim, more than twenty years ago, it has been in favor with both publisher and advertiser. Their meeting might be said to be a meeting of progressive and systematic to a degree.

The firm has won an enviable reputation for fair dealing and prompt payments, and is undoubtedly at the head of the profession in this country.

Saved Her Life!

Wife and Mother Restored to Her Anxious Family.

ST. JOHN, N.B., Sept. 14.—At one time it was feared that Mrs. J. G. of 23 White-street, would succumb to the deadly ravages of advanced kidney trouble. Her back ached, her head ached, her eyes ached, and her kidneys began yearning for relief. For six years that dull, gnawing pain was present. When I knew myself it was terribly intensified. I caught cold the pain was unendurable. I used most everything, but nothing gave that certain grateful relief that came from Dr. Hamilton's Pills of Mandrake and Butternut. Instead of being bowed down with pain, to-day I am strong, lively, and cheerful. One of the valuable properties of these pills is that they fill the blood with color, and I thank the day that I began to use a medicine as Dr. Hamilton's Mandrake and Butternut Pills.

Every woman should use these pills regularly, because good health pays, and it's good, vigorous health that comes to all who use Dr. Hamilton's Mandrake and Butternut Pills.

BORDEN AT BEAVERTON GETS GREAT RECEPTION

Conservative Leader, in Last of Ontario Meetings, Suggests Another Campaign.

BEAVERTON, Sept. 14.—(Special).—R. L. Borden and party arrived at noon and were greeted by a large crowd. The town itself was handsomely decorated, and music was furnished by two bands.

Among the prominent Conservatives present were Edmund Bristol, M.P.; Richard Blain, M.P.; Peter Christie, M.P.; Col. Sam Hughes, M.P.; W. H. Hoyle, M.L.A.; Herbert Lennox, M.L.A.; Hugh Ferguson, M.L.A.; Chas. Calder, M.L.A.; Alex. McCowan, M.L.A.; and Capt. Sam Sharpe of Uxbridge, who is contesting this riding with Geo. D. Grant.

The meeting was held in a beautiful grove upon the shore of Lake Simcoe. W. H. Hoyle presided. About 800 people assembled, many of them farmers from the surrounding country.

Mr. Blain called attention to the graft and immorality which were said to exist in high places. He described the Halifax platform as a Canadian national policy.

Mr. Borden was introduced, addresses and bouquets were presented. Mr. Borden recalled that this was his twenty-first meeting since Aug. 20, and he intended to visit every province in Canada. At the same time he would feel that his tour would not be a success unless it was followed by a series of big meetings in every province to be addressed by local speakers. He wanted the people to be thoroughly instructed in political affairs.

Mr. Borden urged the Conservatives to redeem North Ontario. Capt. Sharpe had done much towards building up a strong organization. In this respect he had set a good example to other candidates throughout the Dominion.

W. H. Hoyle, M.L.A., received a cordial greeting from his constituents. Edmund Bristol, M.P., and Col. Sam Hughes also spoke.

INDIAN TOLD OF DEFECT IN QUEBEC BRIDGE CHORD

Driver Warned Four Weeks Ago by Man Now Dead—Enquiry Will Continue This Week.

QUEBEC, Sept. 15.—(Special).—D. Lefebvre, who unloaded the metal for the Quebec bridge as it arrived here from Phoenixville, testified before the commission of enquiry Saturday that Angus Diebo, an Indian, who is now dead, told him about four weeks ago that one of the chords on the Quebec side was forced.

C. L. Edwards, who inspected the metal at the mills and shops of the Phoenix Bridge Company, for the Quebec Bridge Company, testified to the caution taken in this matter and said that only about 2 per cent. of the work done by the company was rejected. No material had been returned from Quebec, but some plates on the cantilever arm had to be changed.

Messrs. Messer and Clark also testified in regard to the inspection of material, but no further evidence of material was elicited. The commission only sat in the forenoon.

It is probable that the witnesses to be examined in Quebec will be examined this week, after which the site of the bridge will be again visited and inspected, and the commissioners will go to New York to examine Mr. Cooper and also to visit the mill and examine witnesses and probably to take the evidence of experts.

FARMER'S TRAGIC DEATH

Wearied of Living, Drowns Himself in a Pool.

WINGHAM, Sept. 14.—Richard Leishman, one of the best-known and highly respected residents of East Wingham, came to a tragic end yesterday. For the last few months Mr. Leishman has given evidence of a weakened mental condition. This morning he went out with one of his daughters to get the cows, and on the way stepped into a shallow stream, into which he fell, where there was a little pool of water. When his daughter returned to look for him, a few minutes after, he was discovered lying face downward in the water, quite dead. Deceased, who is survived by a widow, eight sons and two daughters, was formerly deputy county master of North Huron.

ALMONTE MILLS CLOSED.

Three Hundred Operators Temporarily Out of Employment.

ALMONTE, Sept. 14.—The Rosamond Woolen Company partially closed down their large woolen mills here yesterday morning, and it is expected that the whole concern will be closed to-day. About 300 operatives will be thrown out of employment until the factory resumes operations again.

ESCAPED A HORRIBLE DEATH

Soe Express Crashed Into Hotel Bus—Driver Injured.

CARLETON PLACE, Ont., Sept. 15.—There was a narrow escape from a terrible fatality at the Moore-street crossing of the C.P.R. here early yesterday morning, when the west-bound bus while on its way from the station to the hotel.

Inside the vehicle were five persons, all of whom escaped. One of the valuable horses was killed outright, and the other was badly cut up and afterwards sent to the slaughterhouse.

Mr. Frank Leishman, who was driving, was considerably injured, some of his ribs being fractured.

It is understood the vehicle was badly wrecked, and the escape of the occupants is most remarkable.

WOMAN FALLS 100 FEET JOLTED FROM PARACHUTE

Mrs. Carrie Myers Dashed to Death in View of Eight Thousand People.

OLEAN, N.Y., Sept. 14.—Mrs. Carrie Myers, 32 years of age, of Springfield, Mass., a professional ballroom, fell from a parachute 100 feet above the Fair Grounds here to-day and was dashed to death in plain view of 8000 people.

Mrs. Myers made her first ascension here on Wednesday, when she sprained her left wrist. On Friday she made another successful ascent, using a life belt attached to the parachute trapeze as a precaution.

Mrs. Myers was asked to use the life belt again to-day, but refused, saying her wrist felt well and strong. When about 200 feet above the Fair Grounds this afternoon, Mrs. Myers cut loose from the balloon with a double parachute. The web of canvas spread out, and Mrs. Myers was seen to raise her right hand to release the second and smaller parachute, holding on to the trapeze rope with her left hand.

Just as the canvas spread out and the rapid downward flight of the parachute was suddenly checked, Mrs. Myers fell over backward. It is believed the sudden jar hurt her lame wrist. Her body struck the outside of the Fair Grounds fence. Every one in her body was broken.

FIREMEN PLEASED BISHOP THINKS THEY'RE ALL PAID

Bishop of London Pleaded That Montreal Fire Fighters Be Given a Better Salary.

During the visit of the Bishop of London to Montreal his lordship expressed a desire to visit one of the fire stations, and he was taken by Ald. H. B. Bates, M.D., to the Youville-square Station, where the details of the department were shown and explained to him.

While his lordship was examining the apparatus with great interest, the horse galloped out and took the places under the hanging harness, and in eight seconds apparatus and men were ready to leave the station. This feat came as a complete surprise to the bishop. As the horses ran to their positions his lordship was seen to take note of the arm of Dr. Bates, who assured the visitor that he was quite safe.

When the horses were taken back to their stalls the bishop was shown through the sleeping quarters of the firemen, and complimented Capt. Doolan on the neat appearance of the station and the splendid physique of the men, while the fire hoses also came in for much praise.

"Well," said his lordship, "the subject of fire fighting has evidently been reduced to a science." Turning to Capt. Doolan, and waiting until Ald. Bates had taken the opportunity to speak to other members of the brigade, his lordship said: "Now, captain, from your language I judge you are Irish."

"Indeed, my lordship, and I am very proud of the fact," was the ready reply of the captain.

"By the way," whispered the bishop, "what salary do you receive for such dangerous work?"

Capt. Doolan for a moment was perplexed. Then he answered warily, "I think if you ask the chairman he will enlighten you on the matter."

"Very well said, indeed, and I tell certain your men and yourself are deserving of good pay," said his lordship. "By the way, Ald. Bates, can you do anything to give these brave men a little more salary?" enquired the bishop.

"I will take note of your request, your lordship, and do my best for them. I admit they deserve more wages, and I hope it will come in time," said the doctor.

BURNED HIS WAY OUT.

Sensational Escape From Lockup at New Liskeard.

NEW LISKEARD, Sept. 15.—A sensational jail breaking took place here this week when a young fellow about 23 years of age, charged with the theft of \$175 from William Byers of Thornhill, actually burned his way out of the New Liskeard lockup. His matches were placed on the top of the cell, and he crawled up and lit a fire. He lit a fire under the ceiling of the cell, and he crawled up and lit a fire. He lit a fire under the ceiling of the cell, and he crawled up and lit a fire.

ENTITLED TO PARTICULARS

One ounce Fluid Extract Dandelion.

One ounce Compound Salutarin.

Four ounces Compound Syrup Sarsaparilla.

Mix and take a teaspoonful after meals and at bedtime, drinking plenty of water.

The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom, such as rheumatism, sciatica, lame back and yellow bile, and is a remedy that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and expelling same in the urine, and at the same time restoring the kidneys to a healthy condition.

He further states that anyone suffering from affections of this nature will find it to be very beneficial, and suggests that it be given a trial.

The Grand Trunk Muskoka Express Has Not Been Discontinued.

The Grand Trunk train leaving Toronto at 11:45 a.m. for Muskoka Wharf and Huntsville (Lake of Bays), and the train arriving at Toronto at 3:30 p.m., will continue to run up to and including Saturday, Sept. 28. There will not, however, be any connection with these trains between Altondale and Penetang.

DIVIDEND NOTICE The Metropolitan Bank

Notice is hereby given that a dividend of two per cent. for the quarter ending September 30th next (being at the rate of eight per cent. per annum) on the capital stock of this bank has been declared, and that the same will be payable at the Head Office and Branches of the Bank on and after the first day of October next. The transfer books will be closed from the 18th to 20th of September, both days inclusive. By order of the Board. W. D. ROSS, General Manager.

DAWSON TO EDMONTON.
Railway Will Be Built Entirely With English Capital.

VANCOUVER, B.C., Sept. 14.—George McIntyre Gibbs, manager Canadian Bank of Commerce in Dawson City, states that the Klondike Mines Railway, which has a line twenty-five miles long, from Dawson to Creston, will apply for extension to Edmonton.

The company will not ask for a subsidy, only that the government guarantee the bonds. English capitalists will put up the money.

The line will run along Lester River, down by the Great and Lesser Slave Lakes, opening up a rich district, and the Mackenzie River Valley. The distance will be 1400 miles.

GERMAN HOME MISSIONS.

Large Increase of Funds Needed for Lutheran Church Work.

BUFFALO, N.Y., Sept. 14.—At today's session of the general council of the Evangelical Lutheran Church of North America, the board of German home missions made its report, which shows 12 missions in Canada, one in North Dakota, one in Kentucky, five in Oregon and one in California. The board also reported that the Canadian increase in funds is needed to carry on the work as planned for the coming year. The expenses of the board are \$25,000 annually, while the receipts for the past year were but \$12,109.92, and unless the receipts are largely increased there must be retrenchment in the work. The report was adopted.

LEGLESS BODY IN NIAGARA.

Tattoo Marks May Lead to Identification.

NIAGARA FALLS, Sept. 15.—The legless body of a man was taken from the Niagara River yesterday at the Canadian Maid of the Mist landing. Undertaking Morgue on the Morose side of the river, and shortly after leg was taken out of the water, which was also removed to the morgue on the Canadian side.

The body was evidently that of a young man, but it was in a bad state of decomposition. The teeth were short and far apart, and the face was smooth and unmarked. It should be an easy matter to prove identification, for on the left arm below the elbow is tattooed an anchor. On one side of the anchor are the initials "J. M." and on the other side the name of John M. McNeerney or John M. McNulty. On the back of the right hand is tattooed a star. It will be remembered that a couple of weeks ago a leg was found floating in the river at the Canadian Maid of the Mist landing, which, it is believed, belonged to the body.

DEATH OF EARLY SETTLER.
CHATHAM, Sept. 14.—One of the earliest settlers of this district passed away this morning at 2 o'clock. He was John Nottle of Chatham Township. Deceased was 71 years of age, and was a farmer. He was one of the most respected farmers in Kent County.

Mr. Nottle was born Jan. 23, 1830, in the parish of Alford, on a farm east of Gallowhill, Aberdeenshire, Scotland.

PILES
Dr. Chase's Ointment is a certain and guaranteed cure for hemorrhoids, piles, and every form of itching, bleeding, and protruding piles. See testimonials in all papers and ask your neighbors about it. You can use it and get your money back if not satisfied, 6¢ at all dealers or Dr. Chase & Co., Toronto.
