

HAMILTON.  
HAPPENINGSNEW CONSTABLE THOUGHT  
HE HAD HAD ENOUGH OF IT

Was Given a Severe Drubbing By  
Four Men and Turned in  
His Clothes.

HAMILTON, July 18.—(Special.)—Constable Leonard, one of the new policemen, who was given a severe drubbing by four men last night, decided that his short experience on the force was sufficient for him. Leonard was on his way home about midnight, when he was set upon, so he says, by four men, who, he thinks, mistook him for another officer. He was unequal to them, and was off duty as a result.

The death occurred to-night of Sister Teresa of Loretto Academy. At the board of control meeting to-day, Engineer Macaulay announced that Engineer Sothman of the hydro electric power commission, and himself had inspected the inlet on Saturday afternoon where the hydro poles were to be erected. Mr. Sothman had stated that he would not put a pole in an inch of water or on a foot of filled-in ground. He refused to have anything to do with such a route as the one the city proposed to make by filling in east of Wellington-street in the small inlet.

The controllers decided that they and the city engineer should have some say about Hamilton, and they quietly went ahead as suggested last week, and decided to ignore the hydro engineer. They instructed the secretary of the works department to fill in a roadway across the inlet 20 feet wide for poles for the hydro, and as a footpath to the east end in the northern section. While the road is to be only 20 feet wide at present, the idea is to widen it to a full 40 feet street as soon as practicable.

A New York despatch announces that Rev. John Mockridge of Louisville, Ky., has been called to the vicarage of Trinity Chapel, New York, to succeed Rev. Dr. Vibert. Rev. Mockridge is a son of the late Dr. Mockridge, a former rector of Christ's Church Cathedral, and been in Louisville since 1907. He was born here thirty-eight years ago and was educated in Trinity University, Toronto, graduating in 1893, and taking the degree of M. A. a year later. He served for several years as curate of St. Luke's, Toronto.

The new pay as you enter street cars ordered some time ago are beginning to arrive now. Two of them were shipped from Ottawa on Friday and will be in commission here in a day or so. The other six cars will be here before the end of the week. In the meantime, the controllers over a female is said to have caused a serious row on the Mountain top, several hundred yards east of the east end incline, last evening. A man and woman, whose names could not be learned, were strolling lovingly along the mountain brow about ten o'clock last night when suddenly two men jumped from the darkness and set upon the spooning couple. The man with the woman had a revolver, and threatened to shoot, but the two men overpowered him and took the gun away from him. In the meantime, the other appeared on the scene, and taking sides with the man and woman, the two assailants were beaten off.

ITALIAN LAD STABS AUSTRIAN.  
PORT ARTHUR, July 18.—(Special.)—Driven to desperation by the teasing of a Chornavskian Austrian, employed on street work, a young Italian lad of 12, whipped out a large pocket knife and inflicted a serious wound just below the heart. Arabia was arrested, but refused to give the name of the victim's father, and await the result of his victim's injuries. The doctors say that had the knife not struck directly over a rib the wound might have been fatal.

After  
La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nerve, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS.  
Seabrook, N. H.  
The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nerve should be taken for some time to thoroughly restore nervous strength.  
Price \$1.00 at your druggist. He will supply you. If he does not, send for us, we forward prepaid.

WOODSTOCK PASTOR  
INVOLVED IN SCANDAL

Took Hasty Departure After  
Interview With Church  
Committee.

WOODSTOCK, July 18.—About two years ago Rev. Warren H. McLeod came from Chicago to accept the pastorate of the First Baptist Church here, which has the largest congregation in the city. Yesterday the reverend and gentleman did not occupy the pulpit of the church; instead he was getting away from Woodstock as fast as he could.

His departure was a hasty one, and came as the result of an interview with the church committee, and with him. He was charged with undue intimacy with a number of leading young ladies of the church, and this city is to-day reciting the details of the scandal that has not been equalled here in years. All the young ladies are from the best families of the city.

McLeod is a married man, with one child. He was a clever pastor, drawing \$1800 salary.

PENNA. RY. HAS GIVEN IN

Grants Trainmen Standardization of  
Working Conditions—All's Well,  
Say the Union Men.

PHILADELPHIA, July 18.—According to W. G. Lee, president of the Brotherhood of Trainmen, the differences on the lines east are virtually settled. At 4.45 p.m. a conference lasting nearly three hours between General Manager C. L. Peck and the representatives of Pennsylvania employees west of Pittsburgh adjourned to meet to-morrow. The railroad officials say there was no statement to make, but the union men said that relations were still unchanged and still amicable. When told of the latest prospects in the east, they replied: "We expect to do as well."

Mr. Lee of the trainmen's organization said: "We have established a basis of settlement that is entirely satisfactory and we do not expect to encounter any trouble in working it out. The railroad gave in on the principle for which we have been fighting, the standardization of working conditions. It will take several days to work out the terms of settlement."

## THE FRENCH STRIKE

50,000 Troops Rushed to Strategic  
Points of the Country.

PARIS, July 18.—Fifty thousand troops were to-day rushed by special train to strategic points of the country in France, following the authorization of a general railroad strike by the National Railroads' Union central committee.

Desertions from the railroad ranks at many places were reported to-day. The general strike will involve 100,000 men.

Every mile of railroad will be protected as far as possible, the government protesting by the night attacks made during the telegraphers' strike. Special trains provided with telegraph lights will be run over the exposed lines at night.

Minor clashes were reported within a few hours of the final action by the labor men here last night. It is believed on all sides that the strike will move one of the worst in the history of the republic, with far greater effects than the postal strike of a few months ago.

Yesterday.

SANDPOINT, Ont., July 18.—Joe G. S. Hudson, Ottawa, is to-day here representing the Dominion Department of Mines at an important inquest held here, and he is the official government has sent out to investigate fully regarding the manufacture and management of explosives. He came here from Quebec to closely watch the inquest that opened here to-day, conducted by Crown Attorney Metcalf from Pembroke and Coroner Armstrong of Arnprior, as a result of the catastrophe of the factory of the Dominion Explosives Co. there, which took place last night.

There are 19 witnesses to be heard, including some of those injured. The inquest will be a most thorough one. The crown attorney paying special attention to the ingredients of the "Blasters' Friend," the explosive manufactured by the company.

Joseph D. Matchett, Ottawa, superintendent of the company, called as a witness, said the explosion was the invention of H. G. Nicoll, Ottawa, and himself. He could not say if a test had been made when the company applied for incorporation. Considerable trouble was experienced in getting Mr. Matchett to admit that at some stage there might have been an explosion, but he said he had heard none.
