"PARENTAGE" FILM SHOWN IN PRIVATE

Story Carries a Big Message to Parents and Will Be Shown in Massey Hall Next Week.

At the Allen Theatre Friday morning a private view was given of the film-story "Parentage." It contains a big message to parents throughout the world, and goes to show that the seeds of character are planted within a child before the outside world gets a chance, and to parents alone belongs the big responsibility of the child's future welfare and character. An unbecoming child receives a handicap that is unknown to the child whose coming is looked upon as the greatest thing in the world.

It is a story for parents, and none who see it can fail to realize the responsibilities of parenthood and all that it means. The film will be shown at Massey Hall next week.

For the purpose of employing women at various duties hitherto performed by naval ratings, a women's royal naval service is to be established in England. The members will wear a distinctive uniform, and the women will be employed on duties in direct connection with the royal navy.

Spanking Doesn't Cure!

Don't think children can be cured of bad habits by spanking them. The trouble is constitutional, the child cannot help it. I will send you a free copy of my book, "The Child's Problem," which contains instructions for your children's behavior in this world, and to parents alone belongs the big responsibility of the child's future welfare and character. An un-

welcome child receives a handicap that is unknown to the child whose coming is looked upon as the greatest thing in the world.

It is a story for parents, and none who see it can fail to realize the responsibilities of parenthood and all that it means. The film will be shown at Massey Hall next week.
