# ASK REORGANIZATION OF CITY WELFARE WORK

Statements Before Council Special Committee Condemn the Operations of Social Service Commission - Salvation Army Offers Praise-Federation for Community Service Lacks Confidence in Body-Children's Aid Society Finds It Impossible to Co-operate.

The special committee of the city cognized by the society only as a matcouncil, which was appointed to con-ter of courtesy.

Miss Ethel Dodge of the federation field day yesterday with representa- sion to co-operate with the federation the organizations in the city in city relief work.
In charity work, and with Lack of Co-operation engaged in charity work, and with a few exceptions the burden of their statements was an unqualified condemnation of the work of the social service commission, and a demand for a reorganization of the city's welfare work. The commission was not for a great waste of effort and money. The commission was not Any organization standing in the way

permitted to take any part in the proceedings, but several members were close listeners and were active in taking notes.

Some members of the committee. chiefly Controller Gibbons and Ald. Baker, were disposed to question some of the speakers with a view of better welfare work in Toronto should be eliminated. He was not coding charges; he was merely attacking the social service commission's system. He suggested the establishment of a bureau of public welfare, headed by a man of outstanding in the way of better welfare work in Toronto should be eliminated. He was not considered to take any part in the proceedings, but several members should be eliminated. He was not considered to take any part in the proceedings, but several members should be eliminated. ### TORONTO MERCHANT LEAVES ESTATE TO WIDOW

The Toronto General Trusts Corporation filed application for letters poration filed application for letters of administration with the will annexed of John Henry Paterson, the president of the Toronto Hardware Mfg. Co., who died February 4, 1921, and who at the time of his death resided on St. George street.

The value of the whole estate consisting principally of the residence on St. George street, and stocks in the

St. George street, and stocks in the Toronto Hardware Mfg. Co. and in other industrial companies, in several banks and in the Toronto General

ing Off to Passing of New Legislation.

Since the enacting of the fire marshal act by the legislature in 1916, whereby a fire marshal's department was created, the losses from fire in Ontario have materially decreased.

This too in the tire marshal act by the legislature in 1916, whereby a fire marshal's department carry world burdens. That was true Christianity. He very much regretted so much irritation existed at the present time, and strongly advised his audience to a strongly advised his audience to a strongly advised his audience to a strongly advised his dress on the subject of zoning as an important part of town planning. He vince during that time. This was the essential, and Great Britain had risent

mission, said that as some of the remarks had reflected on the commission he wanted an opportunity given for members of the commission to fire ply to them. The committee agreed and had no complaint against the to the fire and will notify all the members of the commission to the solution of the commission to the solution of the Toronto Downtown District Association. This latter had get grants. The Salvation Army gets a grant; not all they want, but are thankful for what they get.

Mr. Seymour paid tribute to the work of the Civic Guild and also to the far greater crops and expensive machinery stored in these places, the damage has trict Association. This latter had Civic Guild Praised.

Mr. Seymour paid tribute to the work of the Civic Guild and also to tion of the Toronto Downtown Dis-trict Association. This latter had been larger. In 1916 it was less than to this and will notify all the members of the commission to attend the next meeting, which will be held at 2.30 o'clock next Tuesday afternoon.

Found Very Approachable.

Found Very Approachable.

Mrs. H. B. Warren, of the Women's Patriotic League, said she had been compared to the Fifth Avenue Association and the Broadway Associati

or their work. She believed there was being of the Children's Aid Society, denied that the society had Society, denied that the society had the city to be broadened out under than was necessary. It was the practice not to pass children to the care of other persons without the consent of the parents.

With Duncan, of the society, said it was not the policy of the society to calvega a few of the city's money thru the society had received only eight or nine thousand collars of the city's money thru the society warranted an expenditure of four times that amount. It would be impossible for the society, he said, to co-operate with the present society of the commission. The doctor expressed the society warranted an expenditure of four times that amount. It would be impossible for the society, he said, to co-operate with the present societ service commission. The doctor expressed the society warranted an expenditure of four times that amount. It would be impossible for the society had received to co-operate with the present social service commission as a buffer to co-operate with the present social service commission as a buffer to commission. The doctor expressed the society had received an expenditure of four times that amount. It would be impossible for the society, he said, to co-operate with the present social service commission as a buffer to commission as a buffer to commission as a buffer to make the direction of the society warranted an expenditure of the society warranted an expenditure of four times that amount. It would be impossible for the society had received to consider the best way of procuring results from treaplanting and preserving the forests, absolutely devoid of vision.

The cotty to be broadened out under the direction also advocated the issuing of fire policies. even when the abarn levery precaulton, he downtown district to preserve its character. Professor E. J. Zavitz, provincial forester, gave a lecture illustrated be taken the salides on "Reforestation in Ontario." He explained the best der a great extent with the difficulties to be met with in trying to preserve the forests.

Another illustrated lecture was given by N. T. Ireson, O.L.S., on his airplane trip to Moose Factory and Northern Ontario.
